Letter from the Charity Commission to IHRC, 1 June 2016	

Introduction

IHRC is one of many organisations and civil society figures who have been in contact with the regulator of charities in England and Wales, the Charity Commission, raising concerns about UK registered charities fundraising or facilitating fundraising for the Israeli Defense Forces. Some of these complaints date back to the 2000s and 2010s. Others have been sent since October 2023.

An alarming number of fundraisers have sprung up since the beginning of the onslaught on the Gaza Strip by the Israeli administration, seeking funds for military equipment and other support for soldiers who are active on the warfront. Some of these fundraisers have shown themselves to be connected to UK registered charities and are processing donations from the UK through these charities. UK donors are able to receive tax back on these donations via the Gift Aid option offered by HMRC. This report outlines a few of the cases that have come to our attention.

Given the Charity Commission's own advice on its website and communications it has previously sent to organisations, including IHRC, that fundraising for non-UK armed forces is not considered charitable, it would appear that these fundraisers, even in normal circumstances would be violating charity rules. Given that the IDF are committing war crimes and in the opinion of the International Court of Justice, quite probably genocide, in the Gaza Strip, these fundraisers are even more shocking and appalling.

This report presents briefly our concerns *inter alia* regarding the due diligence employed by the UK registered charities mentioned, the risk to their reputations and the reputation of the charitable sector, the failure of Charity Commission's oversight duty, and the violation of charity rules.

It is surely the job of the Charity Commission, not individuals or civil society, to monitor and follow these cases. At least one organisation (UK Toremnet) had been shown to be facilitating donations for an organisation buying military equipment for the IDF in 2015. At the time the Charity Commission had stated that it had opened a case into the charity and asked them to remove that organisation from its list of recipient organisations. How is it that the same organisation is able to behave in similar fashion again?

None of the fundraisers in this report were difficult to find, or the associations with UK based charities oblique or hidden. It begs the questions, as to whether more of this behaviour is to be found by other UK registered charities, and why is it that the Charity Commission has not uncovered these by themselves.

We trust that this report and the complaints from other individuals and groups will be acted upon immediately by the Charity Commission, and that their investigations will be swift and transparent.

Islamic Human Rights Commission

UKGives Ltd (1161366)

IHRC have been investigating UKGives Ltd (Charity Number 1161366) and have uncovered donations being made to the Israeli Defense Forces through its relationships with the Israeli charity IsraelGives Ltd, which is based in Israel. Our research has included analysing material on their website and the reports they have submitted to the [Charity Commission](#).

In the [annual returns, accounts and trustees' annual report \(TAR\)](#) that UKGives Ltd have submitted to the [Charity Commission](#), annual payments have been made to IsraelGives dating back to 2019 that total £106,539. Also stated in the reports is that Trustee and Chair Jonathan Bonder is also the owner of IsraelTorem Ltd as seen in Figure 1. Further to this, in Figure 2 we can see that IsraelTorem Ltd receives payments of £5,093 which occur annually under "related party transactions". This can be seen in full in Appendix B. IsraelTorem Ltd operates the IsraelGives Ltd fundraising system as seen in Figure 3 but are listed as two separate recipients for two separate payments in the UK Gives Ltd TARs to the Charity Commission, which can be seen in Figure 2 and can be seen in full in Appendix C.2.

The charity partners with Israel Torem Limited to handle administrative tasks for the charity, as well as due diligence and oversight of charitable projects when performed overseas. Israel Torem Ltd is owned by a trustee, Jonathan Bonder. This company does not receive payment from the charity for the services that it provides the charity.

Other creditors of £5,093 (2021: £5,093) constitute amounts owed to "Israel Torem Limited", a company incorporated in Israel of which Mr Bonder, one of the Trustees, is a director.

IsraelToremnet Ltd. (IT) (514228766), whose address is Hohit 19, Zikhron Yaakov, operates the ISRAELGIVES.ORG, ISRAELTOREMET.ORG, and GIVING.TECHNOLOGY websites and fundraising systems that appear on the IsraelGives.org, IsraelToremnet.org, and Giving.Technology websites ("Sites").

Figure 3 <https://intercom.help/israelgives/en/articles/5080447-general-terms-of-use-and-privacy-policy>

The UKGives Ltd website linked on the Charity Commission website (<http://ukgives.org.uk/>) goes to a [PorkBun](#) page stating the website has not been put up yet and can be seen in Figure 4. A quick internet search shows there is a website for [UKGives Ltd](#) that has the same address that is stated on the Charity Commission website, states it is a British charity, but does not have its charity number displayed. This can be seen in full in Appendix A.1. The 'Donate Now' button on the UKGives Ltd website is the only link that redirects the user to a different page which is seen in Appendix A.2 that shows the webpage's coding and the [IsraelGives Ltd](#) website link. UKGives Ltd states donations can be made online by credit card or PayPal but those donations are not supported through its website and are instead being conducted through the IsraelGives Ltd website.

Figure 4 <http://ukgives.org.uk/>

On the [IsraelGives Ltd](#) website, the organisation displays its partner charities across the globe that allow for tax deductible donations. Among these partners is UKGives Ltd. with the charity number matching the Charity Commission's webpage for UKGives Ltd. as seen in Figure 5 below and in full in Appendix C.2 and C.3. UKGives Ltd.'s details on its website match what is detailed in Appendix C which includes address and bank details.

Under the [FAQ section of IsraelGives Ltd. website](#), there is a sub-section covering "Tax-Deductible International Giving" that states donations from the UK can be tax-deductible through UK Gives. The details for UK Gives includes the same charity number and address as stated on the Charity Commission website for UKGives Ltd. What is also noted on this page is the bank details are the same as the ones provided on the UKGives Ltd website.

Further to being tax-deductible, donations through UKGives Ltd on the IsraelGives Ltd website can also be **Gift Aided**. Figure 6 is the FAQ subsection on the IsraelGives Ltd website explaining the **Gift Aid** program. This can also be viewed further in Appendix C.8.

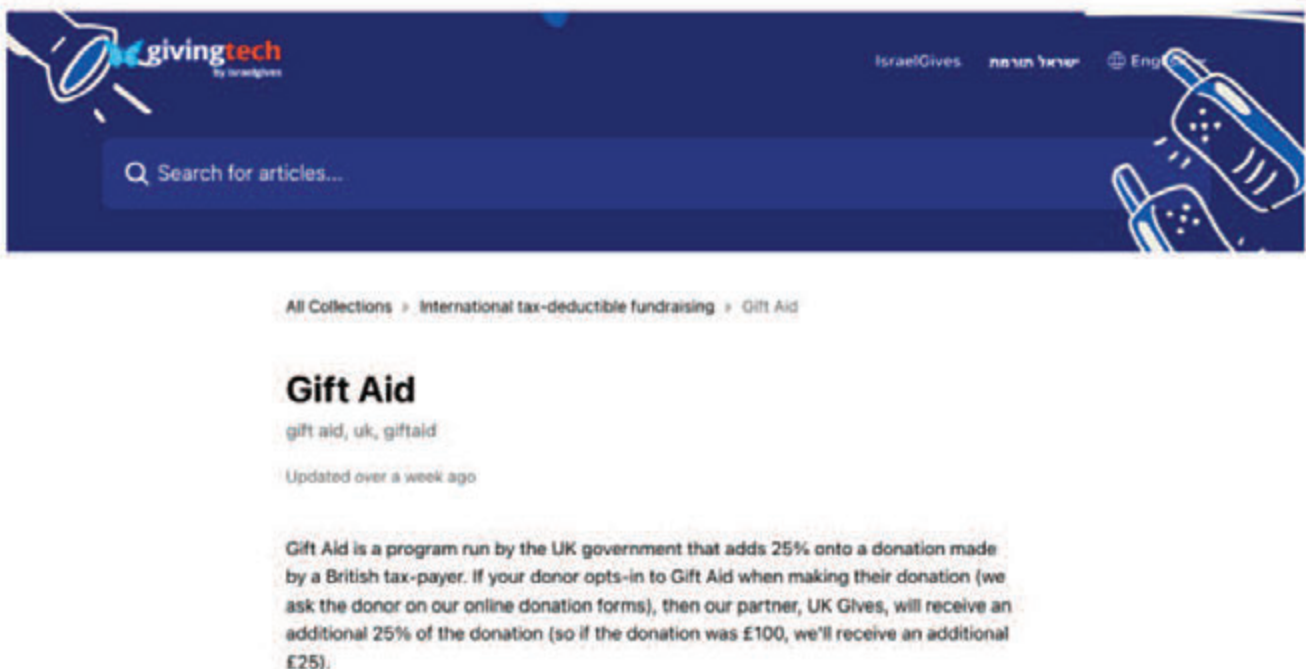

Figure 6 <https://intercom.help/israelgives/en/articles/3790233-gift-aid>

Fundraisers on IsraelGives Ltd have a [criterion for eligibility](#) for the U.K. which states they must first qualify to receive 501(c)3 tax-deductible status in the US then fill out the form with UKGives Ltd for U.K. tax deductible status. This can be seen in Figure 7 and in full in Appendix C.6 and C.7. The form for U.K. eligibility was no longer available when the 'Criteria for Eligibility' webpage was checked on 30th May 2024.

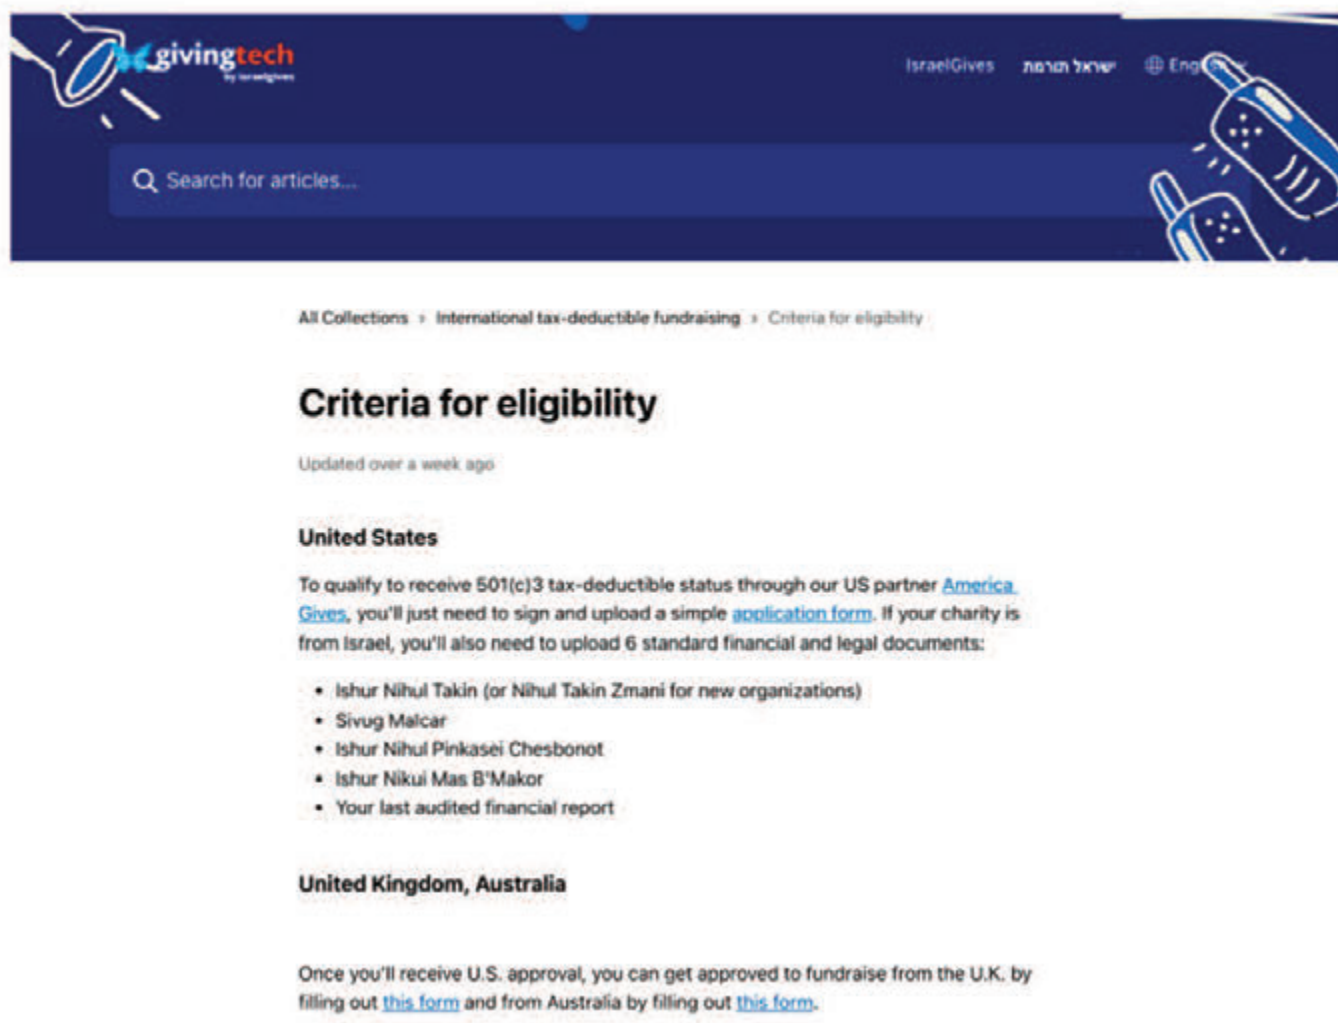

Figure 7 <https://intercom.help/israelgives/en/articles/8206440-criteria-for-eligibility>

Questions to the Charity Commission:

1. Is it still the case as (in the Charity Commission's own words in 2016): "support of foreign armed forces is not a charitable purpose for a charity based in England or Wales to further."¹

If so, can the Charity Commission state by reply what action it will be taking regarding UK Gives for violating this?

If not, can the Commission provide answers and guidance on the extent to which a UK charity is permitted to raise funds for expenditure supporting the armed forces in any respect of a foreign country, especially where that foreign country is implicated in war crimes and crimes against humanity?

Further:

2. Does providing financial support or equipment to a foreign military force qualify as a charitable purpose under UK charity law, especially considering this foreign army stands accused of war crimes, both historical and current?

3. Are there specific guidelines or restrictions concerning the allocation of charitable funds by UK charities to activities involving foreign armed forces, especially in contexts where the foreign country in question may be committing war crimes / crimes against humanity?
4. What factors does the Charity Commission consider when assessing the permissibility of charitable activities that involve supporting foreign armed forces, including the potential impact on the charity's charitable objectives, reputation and public trust?
5. Does UKGives involvement in supporting the armed forces of a foreign country align with the legal and ethical standards set forth by the Charity Commission for UK charities engaging in overseas charitable activities?
6. How has the Commission ensured that UKGives has maintained transparency and accountability in its fundraising efforts and due diligence, particularly concerning its reporting of activities to the Charity Commission and the public?
7. In the event that UKGives' activities are deemed impermissible or raise concerns regarding compliance with charity laws and regulations, what corrective measures or sanctions will be imposed by the Charity Commission?

UK Toremet / Toremet UK

IHRC submitted a report on 7 December 2015 regarding the activities of UK Toremet, a British registered charity that continues to facilitate the supply of materials to the Israeli army, in apparent contravention of Charity Commission regulations. This is a follow up from the report in Appendix F and the letter we sent on 19 January 2024 which can be read in full in Appendix E.

It appears [UK Toremet](#) continues to serve as a UK portal that funnels money to a range of Israel-based organisations that buy supplies for the Israeli army. In the aftermath of October 7, 2023 this includes drones, tactical gear, combat equipment and anti-tank missiles.

A cursory internet search has found various Israeli organisations using UK Toremet fundraising for equipment for the Israeli Defense Forces during its current invasion of Gaza. These organisations have used UK Toremet to process their donations. One of these is [One People](#), set up after 7 October 2023, in its own words “to provide IDF soldiers and rapid response teams with the bulletproof vests, helmets and other lifesaving equipment”.

The website previously did openly list UK Toremet before 7th February 2024 as a partner organisation through which people can donate to OnePeople but has since removed it. In the internet search, it states UK Toremet as seen in figure 8. It now takes donations through IsraelGives Ltd which can be seen in full in Appendix I.2.

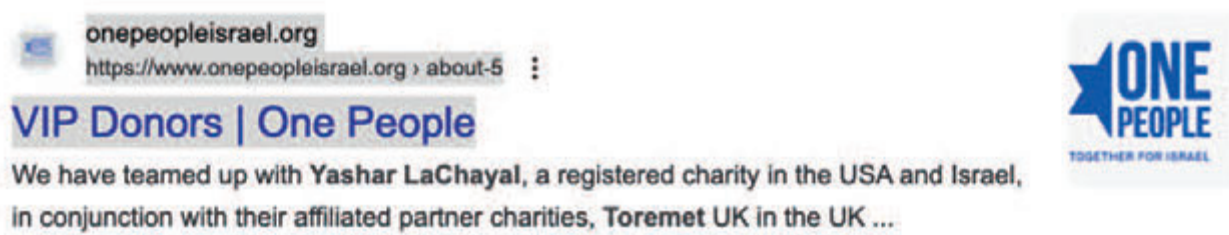

Figure 8

One People is also listed by Yad L'Olim, a non-profit organisation in Israel, as a conduit for funds to Israeli soldiers and their units, supplying soldiers with helmets, vests, armour, tactical glasses, knee pads and tactical gloves. Their donation page can be seen in full in Appendix I.4.

[Gush Etzion](#) is another Israeli organisation that uses UK Toremet to channel funds from donors in the UK. It exists to serve settlers in the illegal cluster of settlements of the same name in the West Bank. Its website also states that it provides soldiers from the settlements

serving in the IDF with “essential provisions such as soap, shampoo, blankets, as well as vital equipment including first aid kits.” This can be viewed in full in Appendix I.5.

[KEHgives \(Kehillat Eretz Hemdah\)](#) is yet another Israeli organisation that services Israeli military forces with funds raised through UK Toremnet (we last checked the KEHgives website on 30 May 2024). Its website states:

“While the IDF provides core equipment there are many things that can make the life of a combat soldier in the field more comfortable and effective: gloves, thermal clothing, battery packs, and personal hygiene products, just to name just a few.”

It openly boasts about having sent millions of dollars of military equipment to Israeli soldiers in the field since 7 October 2023. There are other examples that can be raised but we have highlighted only a few, as even one, we believe, is enough for the Charity Commission to take action. The KEHgives donation page can be viewed in full in Appendix I.6.

The supply of military equipment to a state army that is currently on trial for genocide in the International Court of Justice barely (if at all) meets the threshold of what is legal, let alone what can be considered a charitable purpose. It is a flagrant abuse of charity status to carry out activities that are not only legally dubious but potentially criminal. It is particularly galling that the Charity Commission has used negative media coverage of charities, and on occasion people who have nothing to do with registered charities, as a route to investigate and even sanction charities on the basis of ‘reputational damage’, yet taken no action against charities clearly supporting the armed forces of a country that has repeatedly been accused of war crimes and crimes against humanity and is currently accused of genocide.

The first report of 2015 showed that a listed recipient organisation of UK Toremnet funds was inter alia being used to buy supplies for the Israeli army.

The outcome of the Commission’s enquiries confirmed this main finding of our investigation².

IHRC believes that the Commission’s failure to act firmly and decisively on previous complaints about the organisation has led to a situation whereby it continues to exploit its charity status to raise money from the British public for the pursuit of the military objectives of a foreign force.

In recent years the Charity Commission has come down hard on Muslim organisations accused of breaching charity regulations. Even when the infractions have been minor or the complaints dubious the Commission has brought the full weight of its powers to bear on the charities concerned. In contrast, the response to complaints against pro-Israel charities have seemed to lack any bite. This double standard has allowed them to continue to act openly and with apparent impunity.

It further appears that UK charities that have been found to be donating to Toremek UK and in the region of £30,612,585 worth of donations were recorded up to 23rd April 2024. The full findings can be found in Appendix G and H.

Questions to the Charity Commission:

1. Did the Charity Commission investigate Toremek UK's due diligence as per the request from IHRC in 2015? If so, what changes did UK Toremek make to its procedures, and how has the Charity Commission monitored UK Toremek's compliance? We note that organisations wishing to be part of UK Toremek's list of approved organisations are simply required to tick a box stating that they believe their organisation to be in compliance with UK charities laws. Does the Charity Commission believe this is sufficient due diligence this and therefore all charities?
2. What was the outcome of the previous complaint about UK Toremek? A reference was made in a communication to IHRC in 2016³, that a report would be published and made publicly available once the investigation was complete. We have been unable to find this report.
3. Is the Commission able to comment on the differential treatment of Muslim charities critical of Israel (who face heavy handed investigations), and pro-Israel charities (that are fundraising with impunity for an army accused of war crimes)? Is this the result of a policy to target Muslim and pro-Palestine charities whilst ignoring fundraising for potential war crimes, or rogue staff members dictating priorities for the Commission?

Concluding Thoughts

We note that between originally accessing some of the pages in this research and the time of publication and submission to the Charity Commission, some of the web pages listed with UK charity details etc, such as OnePeopleIsrael and fundraisers hosted on IsraelGives Ltd, have since been removed. These are noted in the report the appendices. We hope that this is the result of investigations from the Charity Commission prompted by previous complaints. We expect the Charity Commission to refer to the existence of these pages in any investigation and subsequent report, and not to claim that no such pages were found during their investigations. They have plainly existed and it should have been the Charity Commission, not civil society and concerned individuals, that spotted them.

The foregoing raises serious questions about the efficacy and the neutrality of the Charity Commission. We hope that these queries and a prompt response from the Charity Commission will kick-start the necessary self-reflection and institutional culture change that it is clearly required.

Our final questions to the Charity Commission are thus:

1. Will the Charity Commission now commit to a review of charities registered in the UK for fundraising activities for the Israeli Defense Forces?
2. How does the Charity Commission propose to regain the trust of the sector – particularly those parts of the charitable sector that have been subject to intense scrutiny?
3. How does the Charity Commission suggest the reputational damage to itself and the charitable sector caused by UKGives and UK Toremet (and indeed any other UK registered charity that facilitates donations to or directly fundraises for the IDF) be mitigated?
4. How does the Charity Commission propose its own culture of investigation and its institutional culture be reviewed and audited?

UK GIVES LIMITED

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

FOR THE YEAR ENDED 31 JULY 2022

Financial review

The total funds held at the end of the reporting period were £92,586 (2021: £77,527), all of which are unrestricted funds. Annually, we spend less than 2% of revenue on overhead and operational expenses and have no commitments to third parties or to donors. We feel confident that this amount of funds will suffice to cover all obligations and to ensure our fluid and continual operations.

The charity has no salaried employees and only spends funds that it has received and that are unrestricted.

In the upcoming reporting period, we anticipate a positive net cash flow of individual donations, as well as substantial support from charitable foundations.

Plans for future periods

In the upcoming year we plan to largely continue performing the same activities as in past years, and will assess the implications of Brexit, of terrible inflation and of a possible recession on our activities and anticipated revenue. Past experiences have taught us what activities work best in terms of raising funds and in terms of charitable impact, and we will continue in the same direction of activity in order to continue to see the same success as we experienced this year.

Structure, governance and management

The charity is governed by its Articles of Association dated 17 July 2014. The directors, who also act as trustees, are appointed in accordance with the charity's constitution.

We recruit new trustees out of a pool of trusted confidants and outstanding business leaders. Our trustees serve as volunteers and collectively make decisions.

The charity partners with Israel Toremet Limited to handle administrative tasks for the charity, as well as due diligence and oversight of charitable projects when performed overseas. Israel Toremet Ltd is owned by a trustee, Jonathan Bonder. This company does not receive payment from the charity for the services that it provides the charity.

All major risks have been reviewed and systems or procedures have been established to manage those risks.

The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Mr J Bonder

Mr N Smith

Mr R Mendel

General Terms of Use of ISRAELGIVES.ORG, ISRAELTOREMET.ORG, and GIVING.TECHNOLOGY websites and fundraising services ("General Terms")

Last updated on 26.09.2021

IsraelTorem Ltd. (IT) (514228766), whose address is Hohit 19, Zikhron Yaakov, operates the ISRAELGIVES.ORG, ISRAELTOREMET.ORG, and GIVING.TECHNOLOGY websites and fundraising systems that appear on the IsraelGives.org, IsraelTorem.org, and Giving.Technology websites ("Sites").

This document constitutes the general conditions for the use of the Company's sites and fundraising services. Please read the terms carefully. If you do not wish to be bound by these terms, you must stop using and accessing the Sites and request the closure of your account.

These General Terms and Conditions are subject to change and updates from time to time. As a user you are responsible for logging into the sites and checking the general conditions and changes made to them. The most up-to-date version of the Terms and Conditions will apply to any future use of the Sites. By registering on the site, you agree to these general terms and conditions.

These terms are written in masculine for convenience only, but are intended for both women and men.

1. Introduction

General

1.1 The purpose of the Sites is to provide information about non-profit organizations, and to help non-profit organizations and the general public (hereinafter: the "User" or "user") to donate and fundraise.

1.2 Through the Sites, users can advertise themselves, raise donations, create fundraising campaigns, and communicate with donors and supporters.

1.3 If you are a resident of Israel, you confirm that you only donate funds reported to the Israeli tax authorities. If you are a resident of a country other than Israel, you declare that the funds you have donated are reported to your country of residence.

1.4 As a user, you agree to receive mailings and updates from IT, about your account and about the services offered by IT. You can remove yourself from the mailing list at

any time by clicking on the link in the email you receive, or by sending an email to IT at info@israeltoremet.org.

1.5 The user agrees that his use of the sites is on the basis of AS IS and AS AVAILABLE and that his use of the sites is at her own risk. IT does not guarantee uninterrupted and secure access to its services. Website operation may be interrupted by many factors beyond the control of IT. To the fullest extent permitted by law, IT does not undertake any terms, representations or other obligations with respect to the Sites, other than those set forth in this Agreement.

1.6 Subject to this section, IT will not be liable in any case (whether due to breach of agreement, negligence or for any other reason) for any loss or damage suffered by the user as a result of using the Sites, including (but not limited to) loss of profits, damages and others, loss of sales, loss of revenue, loss of goodwill, loss of software or information of any kind, loss of transactions, loss or waste of time of employees and management of the user, or any other direct, indirect or special loss.

1.7 IT may change the format and content of the Sites from time to time. The user must REFRESH the web pages of the sites, as well as delete their cookies and browser history, each time they re-enter the Sites to ensure that the customer uses the latest version of the Sites, including the latest version of these general terms and conditions.

1.8 IT reserves the right to cancel any campaign or close a user account at any time, in its sole discretion. In such a case, the user will be sent a message to the e-mail address he provided when registering on the site. If donations have been made to the user through the sites that have not yet been transferred to the user, these donations will be canceled. Also, in the event that a campaign does not reach the declared financial target, IT reserves the right, at its sole discretion, to cancel the campaign and return the funds to the donors.

1.9 If the user chooses to raise donations for a non-profit organization, then any donation raised will belong solely to this organization, and the decision whether to allocate funds raised to the specific purpose for which the user raised donations will belong solely to the organization.

Holding funds in trust for Israeli non-profit organizations

1.10 IT may serve as a trustee for funds donated through the Sites to Israeli non-profit organizations. In such cases, donations made through the Sites are not donated to IT but are held by IT in trust until they are transferred to the recipients.

1.11 IT will transfer to the User the full amount of funds donated to the User and held in trust by IT, less the service fee as set out in Section 5 below.

1.12 In the event that IT transfers to the User an amount greater than the amount donated to the user less the service fee, the User will be required to return to IT said funds within 10 days of discovery.

1.13 The transfer of funds held in a trust is conditional on meeting any requirement for a legal or financial document that will be required by IT related to proper management and in accordance with Israeli and international laws.

1.14 IT will hold the funds in trust for a maximum period of 180 days. Should the user cease to provide any financial or legal document that has been requested to be provided to IT, the donation funds will be re-allocated to a different social purpose at IT's discretion.

1.15 The user is aware that he is responsible for issuing a receipt to his shekel donors, in the amount of the full amount of the donation. The date of every donation will be indicated in the User's account on the Site. The user is responsible for issuing a receipt for this date, although the user will receive the actual donation money at a later date.

Processing payments using the User's own merchant accounts

1.16 IT permits the User to connect his own merchant account (Stripe, Paypal, Isracard, Visa CAL, Paybox, and Bit) to IT's payment processing platform. In such a case, donations processed through the platform will not be held in trust by IT, but transferred directly by said merchant account providers to the User.

1.17 In the case of payments made by Israeli merchant account providers, IT will issue a quarterly invoice to the User for IT's service fee, and said invoice will be paid by the client within 10 business days.

1.18 In the case of payments made by Paypal and Stripe, IT's service fee will be deducted immediately from the payment prior to deposit in the User's Paypal or Stripe account.

Donations in foreign currencies to Israeli non-profit organizations

1.19 IT will enable donors to make donations in foreign currencies through its platforms. If a foreign donation is allocated towards the user, the donation will appear in the user's account. However, the donation is not made directly to the user but to one of IT's international partners: in the US - America Gives (also known as American Support for Israel); in Canada - Canada Charity Partners; in the UK - UK Gives; In France - Fonds de Dotation IG; In Australia: Chai Charitable Foundation.

1.20 In practice, the allocation of the donation is a recommendation and the international partner exercises discretion whether to respect the donor's recommendation on whether to donate the donation to a particular user. In order for a user to be eligible to receive the donation, he must meet the eligibility conditions of the international partner, as specified on the website. If a donation is received by the international partner and the user does not meet the eligibility conditions, it will have up

to 180 days to meet the eligibility conditions. After 180 days, the international partner will re-allocate the donation towards a different social cause.

1.21 If 180 days have passed from the date of donation, and after meeting the eligibility conditions, the international partner has decided to donate the funds to the same organization to which the donor intended the donation, an additional service fee will be charged for each fiscal year between donation and transfer. For example: If the original donation was made on 07.2018 and only on 02.2020, after the association met the eligibility conditions, the international partner decided to transfer the funds to it, a separate service fee will be charged for the fiscal year 2018, 2019, and 2020.

2. IT agrees that:

2.2 It will operate the Sites so that donors can make donations online using credit cards or other means of donation. User use of the Sites and their Services will be based on AS IS and AS AVAILABLE.

Recognition of donation

2.3 IT will send a "Confirmation of Donation" immediately to each donor after each donation made to the user through the Sites. A copy will also be sent to the user.

Personal identification information

2.4 It will collect personally identifiable information including the donor's name, address and email address ("Personal Identification Information") and will protect and secure such information.

2.8 IT, as the site operator, serves as an intermediary between the user and the users of the sites. Although the information about the user and the campaign is on the Sites, the user is responsible for the content and its truths. In the event that IT becomes aware of improper or illegal use of the information contained on the sites, IT will act to remove the information or block access to it. IT will not be liable to the user as a result of its role as an intermediary.

3. The user agrees to:

3.1 Make sure that the content it provides to IT for display on the Sites is as real and accurate as possible, does not violate any law or regulation and does not constitute libel, or infringe on the intellectual property rights of any third party and does not infringe any right or obligation towards any third party.

3.5 You will issue to the donor who donated in Israeli Shekels a receipt for tax purposes on the full amount of the donation and for the date of the donation specified in the user's account on the website. The user will also issue to the foreign fund a receipt for tax purposes on the total contribution of the fund to the user.

4. Trademark license

The user hereby grants IT a non-exclusive license to use its trademarks solely in connection with the sites and their operation and not for any other purpose.

7. Confidential Information

During the period of the user's membership, and for a period of seven (7) years thereafter, the parties will regard any information about the other party, obtained as a result of using the services of IT and not known to the public, as confidential information. A party will not disclose to a third party or use the confidential information of the other party, without the written consent of the other party, in advance, unless required to do so by law. This section will survive the termination of these General Terms and Conditions.

8. Membership period and its termination

8.1 The period of membership of a user of the sites begins with the approval of the registration for the sites and continues until the date on which the user notifies IT in writing of its desire to terminate its membership. The end of the membership period does not delete the user from the sites. However, the user may request that his ability to receive donations through the sites be removed.

8.2 Membership in the sites of a user who represents a non-profit organization, and that organization's use and access to the Sites and its services, will end immediately in the event that the organization represented by the user ceases to be a legally active association, as evidenced by a review of the registrations of the Registrar of Associations.

8.3 In addition to the rights of each party as set out in section 9.1 above, each party shall be entitled to terminate the user's use and access to the IT site and services by written notice taking effect immediately in the event the other party fails or any action or threat of action resulting in infringement or fear of harm, to the reputation of the other party.

8.4 IT may block the user's access to the sites immediately at its sole discretion.

8.5 IT reserves the right, in any case, to block the sites to the public at any time, in its sole discretion. IT also reserves the right to stop allowing donations to be made to a User at any time in its sole discretion.

8.6 In addition, IT reserves the right to cancel a campaign that has not yet achieved its financial goal, or after its completion when the funds have not yet been transferred to the user or for the social purpose for which the campaign was created, all at its sole discretion.

8.7 IT reserves the right, in its sole discretion, to cancel any donation made on its platforms, provided that the donated funds have not yet been transferred to the user or to the social purpose for which the campaign was created. In case of cancellation, IT will return the full donation money (without deducting commission) within 60 days from the date of cancellation.

8.8 After a period of 12 months of inactivity (defined here as a period in which the User has not received or fundraised any donations), or after a period of 12 months from the moment that a User has received their first donation but has not yet uploaded the legal and fiscal documentation required in order to transfer the funds to the User, IT may close a User's account and remove all data, information, and documentation therein.

9. Pause of the operation of the sites or services

IT may, in its sole discretion, without being liable to the User, suspend the operation of the Sites or Services, in whole or in part, at any time, such as, but without limitation, for repair or updating work or to upgrade the content or functionality of the Sites from time to time .

10. Applicable law

The law applicable to these general conditions is that of the State of Israel and any dispute arising from these general conditions will be under the exclusive jurisdiction of the competent courts in Tel Aviv-Yafo (Israel).

11. Notices

Notices by the User to IT shall be made in writing and sent by registered mail to the addresses specified in these General Terms and Conditions. Criteria for eligibility

Updated over a week ago

United States

To qualify to receive 501(c)3 tax-deductible status through our US partner [America Gives](#), you'll just need to sign and upload a simple [application form](#). If your charity is from Israel, you'll also need to upload 6 standard financial and legal documents:

- Ishur Nihul Takin (or Nihul Takin Zmani for new organizations)
- Sivug Malcar
- Ishur Nihul Pinkasei Chesbonot
- Ishur Nikui Mas B'Makor
- Your last audited financial report

United Kingdom, Australia

Once you'll receive U.S. approval, you can get approved to fundraise from the U.K. by filling out [this form](#) and from Australia by filling out [this form](#).

Canada

Because of the way that Canadian law works, in order to offer your donors Canadian tax-receipts, you'll first upload a description of a specific project that you'd like to raise funds for (from Canadian donors). Our Canadian partner Canada Charity Partners (CCP) will then evaluate the project and decide whether to adopt it. If it does, you'll become a contractor of Canada Charity Partners in the fulfillment of the project. You'll receive the funds in this manner:

1. Donors will donate online, by check, or bank transfer, and receive tax-receipts from CCP.
2. Canada Charity Partners will inform you by email that a new donation has been received.
3. You'll then go off and invest in the project (buy goods and services, pay salaries, etc.) and then upload to your account your invoices and expense receipts.
4. Canada Charity Partners will review the expenses and if approved, will send you a wire transfer of the funds, up to the amount that was contributed by donors.

When submitting a project, you'll need to provide the following information:

- The name of the project
- A description of how the project will be carried out, its deliverables, milestones and goals.
- What is the area or geographic region/cities in which the activity will be carried out?
- Who specifically will benefit from the project (e.g. socio-economic situation and location)?
- What will be the selection criteria of the project's beneficiaries?
- When will the activity begin and end (there must be an ending date)? Identify a timeframe of 1-5 years.

- What is your project's total budget?

France

Fonds de Dotation IG (FDD-IG) is a French charity that can facilitate tax-deductible giving from French donors to international projects, including those carried out in Israel. Once approved, your donors will donate to FDD-IG, a French charity who issues them a tax-deductible CERFA receipt for the full amount of the donation. FDD-IG will then donate the funds to your organization, for a specific project that you will conduct for FDD-IG.

The project that you operate in Israel, and on behalf of FDD-IG, must be in one of the following areas.

- Emergency operations to deal with disasters of an unforeseeable and occasional nature, whatever their cause. These may include: natural disasters (such as drought, floods, etc.); technological disasters with serious consequences for the population (such as explosions in an industrial establishment, malfunction of a nuclear power plant, etc.); acts of war; famines.
- Meeting the essential needs of populations in distress or in poverty and to contribute to their social integration. This would include:
 - Meeting the health needs of populations in distress;
 - The provision of basic care, scientific research and action programs to combat pandemics and diseases,
 - The provision of aid to improve the conditions of housing;
 - The provision of the basic elements of education essential to social integration, such as activities in favor of the protection and development of children, literacy, schooling, as well as actions for the promotion of integration of handicapped people;
 - The promotion and protection of the rights of minorities, human rights, the rights of refugees, and women's rights;
 - Development actions such as expenditure on professional training, establishment of local university training, supply of animals, tools or aid for their acquisition, etc.
- Activities that preserve and protect the environment against international phenomena that threaten its balance:
 - Actions taken to combat global warming (on a wide scale)
 - Actions relating to the fight against deforestation and desertification;
 - Actions tending to the conservation and preservation of biodiversity, whether animal or vegetal;
 - Emergency actions undertaken with a view to mitigating the consequences of ecological disasters (oil spills, industrial pollution, nuclear disaster).

Updated over a week ago

Gift Aid is a program run by the UK government that adds 25% onto a donation made by a British tax-payer. If your donor opts-in to Gift Aid when making their donation (we ask the donor on our online donation forms), then our partner, UK Gives, will receive an additional 25% of the donation (so if the donation was £100, we'll receive an additional £25).

Gift Aid

Through GiftAid, the UK Government will add an extra 25% to your donation. Please be aware that this is only possible if you are a UK tax payer, and that you have paid at least as much Income Tax/Capital Gains Tax this year as charities will receive from my donations through GiftAid. Would like for this donation to be treated as GiftAid donation?

October 9, 2023

In the midst of the conflict titled "Iron Sword", our military stands resiliently, defending our nation's sanctity. Yet, the true strength of a nation isn't only found in its military might but also in the collective spirit of its people and supporters worldwide. Just as our military wields the "Iron Sword", every one of us has the power to contribute – to raise "Our Sword" in unity and support.

During the previous conflict, our combined efforts successfully raised \$330K in a mere four weeks, directly facilitating the procurement of vital tactical gear for our soldiers. Today, as history calls upon us once more, we ask for your unwavering support.

Why Your Support is Crucial

Every penny of your contribution is directly earmarked for this cause. After accounting for nominal bank transaction fees, 100% of the remaining funds are invested into acquiring the essential gear and equipment our soldiers desperately need. We're not merely about collecting funds; we ensure they're spent judiciously. Through strategic negotiations with suppliers, we often procure equipment at cost, ensuring maximum value for every donation.

The Current Situation

While the urgency is palpable, it's essential to act with precision. Many units are in dire need of fundamental equipment such as vests and helmets. Our foremost task is to identify and promptly equip the elite units most in need. This initiative, "Our Sword", is about precision, collaboration, and ensuring our military has exactly what it requires when it needs it most.

How You Can Raise 'Our Sword'

Join us in this pivotal mission. Extend your hand, not just in donation but in a shared resolve to minimize unnecessary casualties and to strive for a decisive victory.

Pick up 'Our Sword'

Every donation, every share, every prayer is a swing of "Our Sword". Let's together ensure our military's "Iron Sword" is complemented by the collective might of our global community.

Thank you to our 226 donors

We are a special forces team in the Golani Brigade of the IDF.

As reservists in duty protecting our country's northern front, we are currently in need for critical combat gear. We are working directly with Israel-based suppliers to obtain military-grade equipment.

Any help is greatly appreciated.

Praying for more peaceful days - Am Yisrael Chai!

[About the campaign](#)

[Updates](#)

On October 7th, Israel found itself in the midst of an unprecedented surprise attack by Hamas terrorists that saw 1,400 lives taken, as well as 240 hostages kidnapped into Gaza. As a result, the IDF has had to call up an unprecedented number of reservists deployed on various fronts in order to ensure Israel's safety, with an enlistment rate of over 140%, numbering about 300,000 soldiers. The magnitude of this mobilization has resulted in logistical shortages. Over a month out from the initial attack, frontline units, including our own, still lack critical life-saving gear.

We the Palnat Etzioni Unit that specializes in anti-tank missiles have been stationed on the northern border since the outset of this war, working tirelessly to keep our families and the rest of the citizens of Israel safe, while facing Hezbollah fire and challenging outdoor weather conditions.

This is a personal call for your support! Your generosity can save lives!!

On that terrible Saturday, October 7th, our community could have been the next victims of Hamas terror. We weren't touched directly, but our beautiful moshav, Kohav Michael, is located at only 14 km from the border of the Gaza strip, way too close to feel safe now!

That terrible morning we woke up, realized that we are exposed and vulnerable. We don't have a fence, not even a gate!.. We came to our senses, immediately set up an emergency response team, But we lack life-saving protective equipment!

HELP us buy the necessary equipment, and protect our families, our HOME!

[About the campaign](#)

[Updates](#)

The "Special Projects Group" of Reserve Tank Unit 8130 continues to provide unique and important solutions for our fighting soldiers. Thanks to our donors we have already completed a number of important projects like: the design, development and production of tank canopies, protective rubber stripping and the addition of advanced cameras for the tanks. All this was achieved prior to the tanks entering Gaza.

Since then, while simultaneously working on our regular missions we also completed the construction of 2 mobile shower units. The help and relief they felt from being able to take showers in the field provided obvious physical health benefits as well as a sense of being appreciated and cared for.

We continue to find new and ways to provide our soldiers with what they need whether it be tactical gear (elements and vests), night vision goggles, or ingenuitive ideas like the portable showers. This campaign is here to help fill in the gaps where needed. In the past we have help fund projects that range from critical defense infrastructure to moral and emotional support for the sodiers.

[About the campaign](#)

[Updates](#)

In preparation for the next phase of the war with Hezbollah, I have a new fundraiser to get needed gear for a Nahal reserve brigade.

So far for this brigade:

- I secured a donor to purchase military rain suits for. See [this post](#) on Facebook.
- Purchased 110 ballistic helmets which were delivered. See the 2 top videos below.
- Purchased a specialised military camera (pic below)
- Purchased various gear for individual soldiers
- Next we need more gear.

[About the campaign](#)

[Updates](#)

Our brave soldiers are risking their lives to protect Israel. We owe it to our soldiers to prepare them for combat with proper gear and equipment.

Since the outbreak of the war, we have been coordinating a response to source from within Israel and deliver vital and IDF-approved ballistic equipment to reservist soldiers to units before they enter into war zones. The gratitude of the soldiers as they receive these vital items of equipment is immense and the boost to their morale is indescribable. We have already heard stories about the equipment making a real difference on the battlefield.

We ask for your help to equip these soldiers with better and essential gear ahead of the next phase of the war.

The window of opportunity is narrow and the urgency is real. Your contribution will help equip our brave soldiers before their next mission and help bring them back home.

Thank you to our 7 donors

[About the campaign](#)

[Updates](#)

Following the infiltration into Israel by an unknown number of terrorist operatives, small towns, kibbutzim and villages across the country have been forced to step up their security operations in order to protect their civilian communities.

In an atmosphere where many community members who would usually assist with security have been called to the army as reserves, they are turning to security drones as an efficient and scalable way to boost security, offering protection, and peace of mind to thousands of vulnerable and traumatized civilians.

These unmanned aerial vehicles are fitted with thermal cameras or sensors that can detect human infiltrators and can be used to monitor and track potential threats. Each device costs around \$10,000, and a large number are needed to help secure smaller municipalities

[About the campaign](#) [Updates](#)

Dear friends and extended family,

My name is Moran Levin, I'm reaching out to you with a heartfelt request for your support. A call for action to defend Israel.

I live in Kibbutz Ma'ayan Baruch which is located 400 meters (1,300 ft) from the Lebanese border. It's been two weeks since the war began and we were evacuated from our homes. While being away from home with my two young children I feel deep concern for my husband Asaf, and the Emergency Response Team. They remained in the kibbutz, now a war zone, to defend our homes and Israel's Northern Border.

stro... of Isra... we... v... s... e...

However, the events on the 7th October 2023 shook us all to the core. The inhumane and vicious attack on Israeli civilians, that took place in Southern Israel, cannot be repeated in the North! I strongly believe that with your support, we can prevent this from happening, and protect our community from brutal acts of terror.

Right now, we're relying on donations to equip our Emergency Response Team, here at Kibbutz Ma'ayan Baruch. Our team urgently needs protective gear and supportive infrastructure to stand firm against imminent threats. This includes protective and lifesaving gear. It will enable the Emergency Response Team to protect the lives of our people and defend the border. Your support for this cause is not just appreciated, it is the lifeline we urgently need to save our civilian's lives.

The community at Kibbutz Ma'ayan Baruch, Upper Galilee, Northern Israel. Population 700 men, women & children.

I personally guarantee that every contribution made to this campaign will be used solely to strengthen our Emergency Response Team at the Kibbutz, ensuring the safety of our community.

The mission of this campaign is to defend civilians lives against terror attacks.

With profound gratitude and faith,

Yours sincerely,

Since 1948, Israel has sought peace with its immediate neighbours. Its every offer has been rebuffed. The latest murder-spree by Hamas is an affront to decency. Israel knows - I'm not sure there is an alternative - what it must now do.

On October 7th, Hamas and other terrorist groups launched a devastating attack on Israel, leading to over 900 deaths and 3,000+ injuries, evoking a crisis comparable to the U.S.'s 9-11. With over 100 individuals taken captive and an urgent need for essential supplies, monetary donations are being solicited via this website, ensuring that 100% of the contributions will directly assist the affected individuals on the ground in Israel.

[About the campaign](#)

[Updates](#)

Support last mile efforts to deliver life saving equipment to Israeli soldiers and civilians on the front line.

Israel Emergency Aid is a rapid response project formed at the onset of the current war with Hamas, that is dedicated to providing immediate assistance to soldiers and civilians affected by the war. Our mission is to collect funds to swiftly fulfill specific requests from soldiers on the front lines with Gaza and civilians in need of immediate aid.

This project operates under the auspices of [IsraelGives](#), a reputable nonprofit organization that has supported over 50,000 charitable causes since its inception in 2009.

Why we opened this project?

- There are many excellent donation bodies out there. Wherever you give, it's doing good.
- There are still pockets of need for various aid forms, from helmets to medical equipment. The needs are changing from hour to hour, so to ask "What do you need?" is an answer that becomes out of date soon after.
- Some people want to give and need a body compliant with tax regulations (in the US - 501c3).

We guarantee that your donation goes directly to relevant needs in Israel. We prioritize soldiers in need but give any excess funds to other conditions (medical/emotional support, etc.).

If you have any questions, please get in touch with:

[About the campaign](#)

[Updates](#)

For those who don't know us yet, we are Dr. Asaf Rabin, a Lieutenant Colonel in the IDF, and Head of the Vascular Department at the Emek Hospital and Shahar Baer, the Head of clinic.

With the outbreak of the war, we were exposed to the lack of sufficient medical equipment in the fighting units.

We decided to take a life-saving initiative - building Doctors Bags, for saving the lives of those in the field.

We have created the bags according to the equipment list of the IDF Medical Corps, and upgraded it according to our expertise:

TLaryngoscope, endotracheal tubes, air-ways, Ambu and mask.

Central line kit.

C.A.T. - Combat Application Tourniquets and silicone tourniquets for arterial bleeding control.

Medical suture kit.

Urinary catheters kit.

Intravenous fluids.

Narcotics and analgesic drugs.

Antibiotics (intravenous and oral).

Blood pressure monitor.

Burn kit: bandages, dressings, and creams.

and more...

The bags are delivered to doctors in the fighting units on the various fronts as needed.

The cost of each bag is approximately 10,000 NIS (Depends on the suppliers).

The purchase of the medical equipment, its collection, the construction of the bags and the delivery to the units and bases is done by good people who contribute to the effort, under the management of Shahar Baer, the director of our clinic.

As of today, over 500 bags were sent out, and the responses we receive are a huge thank you and confirmation of need.

At the same time, we are receiving requests from other units, who have heard about the project, and are asking for assistance. Therefore we have updated the target for as many as we can. For any questions or help, please contact Shahar at 052-4020154.

We will be happy if you take part in leveraging the project, and help us make a difference.

For direct donations:

The Parkinson's Association in Israel which are kind enough to join the effort and helps us:

Maglan Friends Association- Emergency Fundraising

“Your generosity will sustain us in our battle.”

Now, when people are asking how best to help Israel, here is an official way to contribute directly to Maglan, a special forces elite commando unit of the IDF established to operate behind enemy lines.

The reservists of Maglan are highly trained and ready to act both in the war and in support of the aftermath of its atrocities.

Since the beginning of the war, they have been fighting and working bravely around the clock, putting their knowledge, training, and experience to use so that Israel can emerge successfully with as few casualties as possible.

Where will the funds go to?

End this non sence one and for all. West bank is saint as hamas itself. Racketeering world with middle east oil prices, terrorist march like nazis with flags, hostages of civilians. Free the entire Israel of them. Ideology of uncivilized must end in Israel and it will be the small step for man and largest step for human kind

I very much trust Israel to avoid civilian casualties. I know this is not always possible. Israel also has the right to protect itself. May this donation help for you to have equipment to keep you safe doing this unbelievably difficult job so you can keep others safe in both Israel and Gaza.

Support our Soldiers!

OPERATION 5000 WINTER JACKETS

With the onset of winter and the lack of jackets for reservists, our frontline troops are in particular need of warm clothing. We are purchasing warm jackets manufactured according to IDF specifications that need to get to the soldiers soon.

Israel is facing a long and grueling war and every support we can receive is welcome. 100% of your donations will go towards this important campaign.

Please note: For payments in € and in order to receive your Cerfa receipt, please only use this Leket payment button above with whom we are collaborating on this 5000 jacket operation

Soutenons nos Soldats!

OPÉRATION 5000 VESTES D'HIVER

Avec l'arrivée de l'hiver nos troupes de première ligne ont particulièrement besoin de sur-vestes chaudes, légères et imperméables.

Chaque don contribuera à cette première action et d'autres opérations de fournitures d'urgence suivront en adéquation avec les nécessités.

[About Leket Israel](#)[Donate Now](#)

Leket Israel is a non-profit organization that provides food for malnourished populations across Israel. It feeds 234,000 people in need weekly, and is the largest food bank in Israel. Leket is unique because it rescues and redistributes surplus food that would otherwise be discarded. Leket salvages 66 million pounds of food annually in this way, and delivers it to people suffering from food insecurity, including: Holocaust survivors, families below the poverty line, struggling immigrants, at-risk youth, and other vulnerable populations. Raised ₪224,485 of ₪500,000 goal (45%) by 445 donors

We, the parents of Sergeant Roey Weiser Hy"ד, created this campaign to raise money in his memory. Roey, at the young age of 21, gave his life to save others and protect his country. All donations will be used to assist IDF soldiers from underprivileged backgrounds ensuring their basic needs are met while they defend the State of Israel and its people.

[About the campaign](#)

[Updates](#)

Staff Sergeant Roey Weiser Hy"ד, a hero who bravely sacrificed his life at the age of 21 in the battle against Hamas terrorists on the tragic morning of the 7th of October 2023, was not only a courageous soldier but also a compassionate friend and mentor. Roey, who was a dual Israeli and American citizen, had a constant smile, a sense of humor, and unwavering dedication to his comrades, particularly those from underprivileged backgrounds, which made him beloved by all who knew him.

According to official statistics, approximately 15% of the 150,000 conscripted soldiers come from families of a low socio-economic background who cannot afford basic necessities and need assistance paying for their most basic needs such as food, clothing, electricity, and running water.

and his fellow soldiers. He, like his exceptional father, has saved 12 of his fellow soldiers, is an example of his bravery, spirit, resolve, and selfless caring for others.

To honor Roey's memory, we, his parents, are launching a campaign to continue his legacy of exceptional compassion, but on a larger scale. We aim to support IDF soldiers from underprivileged backgrounds who struggle. Working closely with the army's social services and other relevant official institutions, we will identify those in greatest need and ensure they have their basic requirements met.

Your generous donations will allow us to carry forward Roey's spirit of caring for his fellow soldiers, not just as those who ensure Israel's security, but as individuals. By providing these essentials, we will help our dedicated soldiers focus on their critical mission of defending Israel, all in the memory of Staff Sergeant Roey Weiser.

Additionally, as part of our fundraising efforts, we are committed to extending our support beyond the immediate cause. We will also be raising funds for other initiatives aimed at remembering Roey. These initiatives may include memorial events, scholarships, or projects that honor Roey's legacy and contribute to the well-being of others in meaningful ways.

Your generous donations will not only support underprivileged IDF soldiers but also play a crucial role in preserving Roey Weiser's memory and values for years to come. Together, let's make a lasting impact, spreading compassion and gratitude in honor of Roey's bravery and heroism. Join us in ensuring that those who protect us are supported and cared for. Please donate generously to our campaign and continue the legacy of compassion in honor of Roey's selfless spirit.

היי, אני חבר של רועי מביסלח 17, אני זוכר אותו כאישיות מדהימה ואישיות לדוגמא, רועי תמיד היה הראשון לעשות, הראשון להתלכך, והראשון לאהוב. אני רוצה להגיד לכם שאני לוקח מכל בן אדם שאני רואה תכונה אחת טובה, ומרועי אני לוקח את השמחת חיים שלו, כזאת שגורמת לך ישר לחייך. ששמעתי איזה גיבור הוא, ועל איך רועי נפל, הייתי עצוב מאוד אך גאה באותה מידה, כי רק רועי יכול לעשות מה שהוא עשה. אזכור אותך לעד רועי ❤️

Campaign by: Mya Joel

[About the campaign](#)

[Updates](#)

In the early hours of Saturday morning Israel was infiltrated by air, land and sea, by the Hamas Terrorist Group, devastating the country, murdering hundreds of people, kidnapping children, women, men and the elderly to torture and take back to Gaza. The last days have been devastating beyond words. Our country is completely heartbroken.

With the hundreds of innocent people having been kidnapped, the death count currently over 1,200 and growing, and thousands of people injured, our soldiers, and thousands of reservists who have been called away from their families, line up, ready to fight for justice and defend us from the hell that was raged on us by Hamas.

This campaign will help to support our soldiers with everything they need through this war. Funds will go directly to buying supplies, ensuring they can reach friends and family, protect themselves, keep basic hygiene, eat and try to get some sleep.

Our goal is to raise 200,000 ILS or as much as possible for the benefit of a donation to the Border Guard fighters, undercover unit fighters who specialize in rescuing hostages and terror combat and for the families of the wounded and dead.

About the campaign

Updates

This campaign has been launched in partnership with The IsraelGives Foundation. All donations are tax-deductible in Israel (for UK and US Tax receipts but please reach out privately so we can send). In this campaign we will be helping to save lives and protect soldiers with the right supplies and meeting their needs, on the ground, quickly. In this campaign we'll be helping with a variety of critical combat soldier gear and accessories (e.g Nightvision, Helmets..)for the engineering corps units serving in the south of Israel specifically. The gear will be for soldiers in the special forces unit, an elite division within the Engineering Corps called Yahalom. Equipment such as Vision related and infrared equipment is extremely important for operations conducted after dark and this campaign will be used to assist with some of these essential requests. Behind the campaign is a millium reservist who had spent 30 days in the south and who has direct contact with the troops and their requests. Together we can make a real difference.

On Oct 7, more Jews were murdered than on any other single day since the Holocaust. Under a wave of rocket fire, terrorists of Hamas and Islamic Jihad broke through Israel's security border, massacring & raping soldiers and civilians in the nearby kibbutzim, towns, army bases, and at the music festival for young people. They committed atrocities, the scale of which we are only still learning.

Over 240 of our people - Jews, Muslims, Beduins, and international citizens have been kidnapped. Their ages range from 9 month old babies, to Holocaust survivors. Peace activists, pregnant women, and the disabled.

While the rest of Israel still grieves the trauma of what happened, trying to identify bodies still too burnt and mutilated to possibly ever know who they belong to, and still under daily rocket fire, Israel has gone to war. Hundreds of thousands of us have been called up for reserve service, and have now been away from our homes, families and pets, and jobs, for over a month.

Since October 8, Hezbollah has decided to join their Hamas allies, and Hezbollah has been firing many mortars and anti-tank missiles across the border, already killing Israeli soldiers and civilians.

As a result of all of these events, Israel currently has over 250,000 displaced people, who have been evacuated from their homes due to the war - homes both in the south, near the Gaza Strip, and in the north, near the Lebanon border.

While many IDF brigades have entered Gaza to eradicate Hamas, many more are on the Lebanon border, to face Hezbollah as it continues to increase the levels of its attacks and threats against Israel. The citizens in the north also fear that Hezbollah will try to replicate in the north, the atrocities that Hamas achieved in the south, and rely on the IDF to stand between them and Hezbollah.

We are combat soldiers who served in the Golani Brigade during our regular service, and are now in the Carmeli Brigade for reserve service. We have been stationed on the front line of the Lebanon border since being called up for this war, and are actively engaging with the Hezbollah threat.

We all know that we are in for a long war, and as we strive to protect the people of Israel, we are looking for donations, so that we can upgrade our gear, to be as best equipped as possible.

Your support will allow us to achieve this goal!

Dear South Hampstead POM and supporters of Israel,

We are reaching out to you from the heart of Operation: Swords of Iron, where we, Egoz Unit veterans, are currently serving in reserves within the challenging landscape of the Gaza Strip. As proud defenders of our nation, we strive to uphold the values of service, dedication, and resilience.

The Israeli Defense Forces have equipped us with the essentials needed to carry out our mission effectively, ensuring our safety and the protection of our homeland. However, we are reaching out to you, our friends, families and supporters of Israel from anywhere in the world, with a humble request for additional support.

While the army provides us with the basics, we aim to enhance the conditions for our brave veterans beyond the essentials. Your generosity will contribute to improving our daily lives during this operation, allowing us to focus on our duty with greater peace of mind.

We want to express our deepest gratitude to everyone who stands by us during this critical time. Your support goes beyond financial contributions; it is a symbol of unity, solidarity, and shared responsibility for the well-being of our nation.

Thank you for being part of our journey and for supporting the Egoz Unit veterans in Operation Swords of Iron. Together, we strengthen the defense of our beloved Israel.

The Nof Zion neighborhood connects East and West Jerusalem, located in the vicinity of the hostile Arab village of Jabal Mukhabbar. On October 7, 2023, Israel's deterrent power was damaged. Reality has changed and we are not prepared for it. Due to the limitations of national resources, the authorities rely on local civilian leadership to establish neighborhood defense systems. In accordance with the need of the hour, we established Emergency Squads, from among ourselves, to protect the neighborhood. As of today, the Emergency Squads can only provide a partial response. We urgently need combat equipment, means of communication, bulletproof vests, lighting, security cameras, a public address system and more. We need the support of "Lovers of Zion" to restore security and protection to the neighborhood and maintain the safety of its residents.

YOU TOO CAN BE PART OF SHOMREI-ZION

The Nof Zion neighborhood overlooks the Temple Mount and connects East and West Jerusalem.

We maintain a flourishing and living Jewish presence, in the vicinity of the hostile Arab village of Jabal Mukhabar from which acts of aggression were (and still are) emanating. To this day we have not experienced any loss or damage, thank God, due to unexplainable miracles.

more to think

On October 7, 2023, Israel's power of deterrence failed, breaking a critical psychological barrier causing Palestinian terror groups to believe they can succeed in harming Jewish settlements.

Reality has changed and we currently are not prepared for it. Due to the limitations of national resources, especially in Jerusalem where many neighborhoods border hostile villages, the authorities rely on local civilian leadership to establish defense systems. In accordance with the need of the hour, we established an Emergency Squad, a group of individuals within the neighborhood, to protect our families and our community.

We are in urgent need of combat equipment

- means of communication
- bulletproof vests
- lighting
- security cameras
- a public address system and more
- all to maintain the safety of our residents.

As of today, the Emergency Squads can only provide a partial and limited response. We have been on high alert for over 30 days, and our families at times feel helpless with visible negative impact on day-to-day life. Israel is in a long and exhausting battle, and we need the support of "Lovers of Zion" to restore the security and protection our neighborhood is lacking.

WE INVITE YOU TO JOIN THE "GUARDIANS OF ZION", Shomrei-Zion, and support our emergency network in the Nof-Zion neighborhood. Your contribution to the resilience of our community and the nation in general will be felt and appreciated.

Equipment costs (examples):

Drone	40,000 NIS
Camera system upgrade	50,000 NIS
Armored doors for buildings	>70,000 NIS
First aid equipment (for 48 hours)	10,000 NIS
Tactical equipment:

Walkie-talkies	1800 NIS per unit
Flashlights for weapons	1200 NIS per unit
Tactical helmet	1800 NIS per unit

On October 7, during a sacred Shabbat and holiday for our Jewish community, Hamas launched a harrowing attack on villages and kibbutzim near Gaza. That very day, Oketz, with their two-pronged team of soldiers and loyal K9s, stepped in to neutralize threats, saving hundreds of hostages and civilians. The bond between a soldier and their K9 is profound, and their shared mission is clear: to save lives, even in the direst of circumstances.

One heart-wrenching instance from that day: Nauru, a brave K9, detected and exposed a Hamas ambush in Kibbutz Kfar-Aza. Although Nauru tragically lost his life in the process, his sacrifice ensured the safety of many others.

Letter from the Islamic Human Rights Commission to the Charity Commission
regarding UK Toremec activities sent in January 2024

Appendix E

<https://www.ihr.org.uk/complaint-to-charity-commission-re-uk-toremec-pro-israeli-army-charity/>

We are compelled to write to you again to complain about the activities of UK Toremec, a British registered charity that continues to facilitate the supply of materials to the Israeli army, in apparent contravention of Charity Commission regulations.

We regret to have to tell you that we believe that the Commission's failure to act firmly and decisively on previous complaints about the organisation has led to a situation whereby it continues to exploit its charity status to raise money from the British public for the pursuit of the military objectives of a foreign force.

You will be aware that we made a separate complaint to the Commission in 2015 about [UK Toremec](#).

The complaint, based on an extensive investigation, alleged that funds raised by UK Toremec, which serves as a UK portal that funnels money to a range of Israel-based organisations that buy supplies for the Israeli army.

The outcome of the Commission's enquiries confirmed this main finding of our investigation.

However we believe the Commission has not taken sufficiently strong action against UK Toremec and there are still question marks over how effectively it is being scrutinised. Since the complaint against UK Toremec the charity has stopped public access on its website to the organisations it is helping in Israel,

effectively preventing the general public from finding out what they are donating to.

However, a cursory internet search has found various organisations fundraising for equipment for the Israeli Defence Force during its current invasion of Gaza. These organisations have used UK Toremnet to process their donations. One of these is One People (see attachment), set up after 7 October 2023, in its own words “to provide IDF soldiers and rapid response teams with the bulletproof vests, helmets and other lifesaving equipment”. The website openly lists UK Toremnet as a partner organisation through which people can donate to One People. One People is working with Yashar Lachayal, about whom we raised concerns in our complaint of 2015. They also still state that funds can be [donated](#) to them via UK Toremnet.

One People is also listed by [Yad L'Olim](#), a non profit organisation in Israel, as a conduit for funds to Israeli soldiers and their units, supplying soldiers with helmets, vests, armour, tactical glasses, knee pads and tactical gloves.

Gush Etzion is another Israeli organisation that uses UK Toremnet to channel funds from donors in the UK. It exists to serve settlers in the illegal cluster of settlements of the same name in the West Bank. Its website also states that it provides soldiers from the settlements serving in the IDF with “essential provisions such as soap, shampoo, blankets, as well as vital equipment including first aid kits.” On [this page](#) they further state they have acquired ‘over 250 tactical helmets, 130 high-powerd flashlights, 80 ceramic vests, 70 headlamps, and night vision apparatus to enhance their capabilities.’

KEH gives (Kehillat Eretz Hemdah) is yet another Israeli organisation that services Israeli military forces with funds raised through UK Toremnet. Its website states:

“While the IDF provides core equipment there are many things that can make the life of a combat soldier in the field more comfortable and effective: gloves, thermal clothing, battery packs, and personal hygiene products, just to name just a few.”

The [video](#) on their YouTube channel and on their [causematch](#) page, where UK Toremnet is listed directly underneath, boasts of providing equipment to the IDF and shows various IDF units thanking them for their donations.[letter continues after video]

It openly boasts about sending millions of dollars of military equipment to Israeli soldiers in the field since 7 October 2023. There are other examples that can be raised, we have highlighted these few, as even one, we believe is enough for the Charity Commission to take action.

The supply of military equipment to a state army that is currently on trial for genocide in the International Court of Justice barely meets the threshold of what is legal, let alone what can be considered a charitable purpose. It is a flagrant abuse of charity status to carry out activities that are not only legally dubious but potentially criminal. It is particularly galling that the Charity Commission has used negative media coverage of charities, and on occasion people who have nothing to do with registered charities as route to investigate and even sanction charities on the basis of ‘reputational damage’, yet have taken no action on charities clearly supporting the armed forces of Israel repeatedly accused of war crimes and crimes against humanity and currently accused of genocide.

In recent years we have seen the Commission coming down hard on Muslim organisations accused of infractions of charity regulations. Even when the infractions have been minor or the complaints dubious the Commission has brought down the full weight of its powers on the charities concerned. In contrast, your actions in respect of complaints against pro-Israel charities seem to lack any bite. This double standard has allowed them to continue to act openly and with apparent impunity.

We would expect you to launch an immediate investigation into the continued relationship between UK Toremnet and the Israeli armed forces with a view to putting a halt to activities that appear to be a clear breach of charities regulations.

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Questions to the Charity Commission regarding charities granting aid to organisations and charities in Israel including but not exclusively the Israeli Defense Forces

The following questions are raised regarding the activity of UK Toremnet Ltd, a registered charity in the UK number 1140972 (<http://uktoremnet.org.uk/>) with regard to its activities.

Gift-aid is a facility available to registered charities whereby the recipient charity receives the donor's tax relief on a donation amounting to 25% of the donation.

UK Toremnet Ltd. operates as a portal for UK based donors to donate to charities in the UK, Israel and the USA. Its facility is also used by the online Jewish Charities Guide (<http://www.jewishcharityguide.co.uk/>). The founder of UK Toremnet (UKT) explains how both function in an article on the Jewish Charities Guide website: as follows (full text in Appendix A¹):

UK Toremnet CEO Jonny Cline explains: 'We are proud to partner with the long-established and highly respected Jewish Charity Guide to facilitate philanthropy among individual donors, companies, giving circles, and their financial and legal representatives. Transforming the Jewish Charity Guide website into an online giving portal has made it easier for people to donate, and encourages the younger generation of donors, who are more comfortable donating online, to discover and support the charities of their choice. In particular, UK Toremnet makes it easier to gift money to charities outside the UK by facilitating a UK tax receipt and Gift Aid qualification.'

Alongside the Jewish Charity Guide website, UK Toremnet has its own website (www.uktoremnet.org.uk) listing charities (Recipient Agencies) which operate according to UK charity law guidelines, to facilitate tax-efficient online donations to good causes around the world. 'Since many philanthropic organizations in Israel and overseas do not have UK offices or bank accounts, UK Toremnet acts as their fiscal sponsor, issuing UK tax receipts and re-granting the money to their project of choice', explains Cline. 'There are many good causes with small budgets that UK donors rarely come across, which we are happy to showcase on the UKT website,' says Jonny.

As of 2013, UK Toremnet has also been offering charity account management services to individuals, companies, giving circles, and charitable trusts, including full account management facilities. A charity account can help people to allocate regular sums to charity and manage their donations online. You can arrange a monthly direct debit, make payments via credit card, or link your charity account to your Give As You Earn scheme. Donors can access and print statements listing all their donations, which can be useful for preparing annual accounts. A one-time Gift Aid Declaration and charity receipt covers all your donations and cuts down your paperwork.

A UKT Charity Account can be used to streamline your School Voluntary Payments and Charity Membership Fees, or to support anything charitable in the UK or EU or any UK Toremnet Recipient Agency. You can even recommend a charity that you wish to support and if it qualifies under UK charities law we will facilitate your donation – unlike many charity account schemes run by individual

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

charities, we will not limit your (legal) choices! UK Toremet will also accept charity cheques and vouchers from other charity accounts. Many charity accounts impose restrictions on their members, so UK Toremet can extend their donation opportunities by processing their cheque or voucher in the UK and re-granting the funds to charities outside the UK.

UK Toremet exists to make it more convenient and tax-efficient to support the charities of your choice, in the UK and overseas. We keep our costs to a minimum – our fee is just 5% of 125% of your starting balance, so if you pay £5000 into your account and sign a Gift Aid form, we will take our fee from the Gift Aid and credit £5937.50 to your account! There are no further deductions when you make allocations to charities – they receive 100% of the amount you specify. UK Toremet (Registered Charity No. 1140972) is a member of the Fundraising Standards Board scheme, committed to the highest standards in fundraising.

Together with the Jewish Charity Guide, UK Toremet invites you to visit our websites to click-start your philanthropy and manage all your charitable giving online. (Our emphasis)

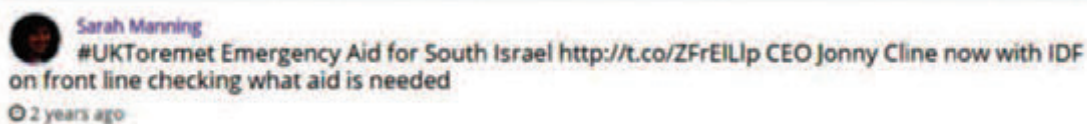

Indeed the granting of gift aid is according to UKT's founder Jonny Cline, one of the motivators for him to set up UKT. In an interview he states:

"The breaking point for me was when I, as a Brit, was offered a donation by a friend of the family for a cause I was working for, and I simply had no channel through which to process the funds that would get him the tax relief he deserved on his gift. Apparently that was a niche that was just not serviced."²

On the page 'Charity Accounts' on the UKT website <http://uktoremet.org.uk/for-donors/charity-accounts/> an excel file of how a charity account with UKT will work is given as a download. The excel sheet downloaded on 24 October 2015 is appended in A. It suggests that monies can be donated to a UKT Charity account and processed for Gift Aid before allocation to any cause.

Concern and relationship with for the IDF

Jonny Cline is also very concerned with matters relating to the IDF, and was reported to be on the IDF frontline during Operation Pillar of Defense in 2013 (see the Twitter stream of Sara Manning³, relevant tweet excerpted below).

The link in the tweet above goes to this page:

Emergency Relief for Israel⁴, which lists care packages to the IDF and Emergency Response as two items such relief provides for.

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Due Diligence / Charitable Donations / Eligibility

The foregoing text implies that all donations processed are processed as charitable donations eligible for gift aid. It further suggests that all charities listed by the two organisations would be considered charitable under UK Charity guidelines.

On its own website, UKT claims it undertakes due diligence.

Questions for the Charity Commission

Q1. According to the guidelines issued by the Charity Commission Helpsheet 342⁵ Gift Aid:

“... is a scheme providing relief for gifts of money to charities, including organisations in EU Member states, Norway and Iceland that meet the UK tax definition of a charity.”

UK Torem, in its founder’s words, is acting as a fiscal sponsor to organisations and charities in Israel and the USA. This appears to contradict the advice from the Charity Commission above.

Was the Charity Commission aware of UK Torem’s activities and if so has an exception been made to the Gift Aid rules for UK Torem? If not, what action does the Charity Commission propose to take?

Q2 Has the Charity Commission ever queried or opened an investigation into UKT to assess what sort of due diligence it employs in ensuring that all donations processed by UKT are given to eligible charities?

Q3 Has the Charity Commission ever queried or opened an investigation into UKT to assess what sort of due diligence it employs in ensuring that all donations processed by UKT are only employed in furtherance of charitable objects and are not in fact mismanaged by the recipient?

Q4 Where donations are given to non-charitable organisations for charitable purposes, what due diligence is employed by UKT to ensure that such grants are in furtherance of Charitable objects and are not in fact mismanaged by the recipient?

Q4 If they have and if grantee / donee organisations are not eligible, has the Charity Commission queried or opened an enquiry into the due diligence employed by UKT on grants / donations to ineligible organisations AND projects?

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Ineligibility

Given the concern raised about the donee / grantee organisations listed on the UKT website the following questions to the Charity Commission are raised.

Questions for the Charity Commission

Q5 Do all the foregoing organisations (including any which are not charities) and grants / donations to these organisations qualify as charitable under UK Charity laws and guidelines?

Q6 Is an organisation allowed to claim Gift Aid for organisations that are not based in the UK or EU?

Q7 If not, what sanction has there been or will there be for violation of the laws and guidelines?

Reputation

Given the concerns listed above about the charities and organisations listed on the UKT site, the following questions are asked of the Charity Commission:

Questions for the Charity Commission

Q8 Is a charity's reputation (in this case UK Tomeret Ltd) its property? If so, does the charity have a duty to ensure that it is not associated with anything that can tarnish that reputation?

Does the Charity Commission believe that donating to military, (openly) racist, violent and / or discriminatory causes damage a charity's reputation?

These questions are asked with regard to (but not solely) the following organisations listed on the UKT website:

1. IDF Widow and Orphans Funds

(a) Gift Aid available is made available to donors despite not being registered in the UK via UK Tomeret / Jewish Charity Guide. The relevant donation page states:

*"If you are a UK taxpayer, you can increase the value of your donation at no extra cost to you. Thanks to the Government's Gift Aid Scheme, UKT - as a registered UK charity - will be able to claim back 25p for every £1 you donate, to help towards the costs of processing your donation via credit card and PayPal. All you have to do is indicate your permission by ticking the box below."*⁶

The IDF Widows and Orphans Fund's page also states⁷:

Gifts are tax deductible only if a check is sent to the following address and made in the order of one of these foundations, in a separate note stating the donation is for IDFWO:

IDF Widows and Orphans appears to be a project of Yashar LaChayal⁸, an organisation that describes itself as ‘Your Direct Connection with Israel’s Soldiers’. Its website states:

‘Yashar LaChayal was established as a recognized non-profit organization in Israel and the United States, dedicated to helping Israeli soldiers serving on the front lines...

“...Combat soldiers, the soldiers serving on the front lines to ensure Israel’s security, are the primary focus of Yashar LaChayal’s services. We reach out regularly to units in the north, on the borders of Lebanon and Syria, those serving in the south on the Egyptian border, to soldiers on our border with Gaza, and to the Special Forces – the elite units charged with tasks critical to our national security.”⁹

Stanmore and Canons Park Synagogue guide to fundraising describes Yashar LaChayal (which it suggests people donate to) as providing equipment to the IDF as needed.¹⁰ This page appears to be based on a blog in the Times of Israel published during Operation Protective Edge in 2014.¹¹

Further information Yashar LaChayal can be found in (6) below, as it also listed as a charity that UKT donors can donate to.

2. Am Yisrael

UKT’s website lists this organization under ‘Diplomacy’.¹²

One of its projects is called ‘Join the IDF’¹³

It encourages enlisting in the Israeli Defense Force stating inter alia:

“When the Jewish People were about to enter the Land of Israel, the Tribes of Reuven & Gad requested that they be given property on the other side of the Jordan to reside. Moshe responded that they could with the provision that they had a duty to fight in Israel before choosing to settle outside the Land. Moshe feared that these Tribes wouldn’t have the merit of fulfilling the mitzvah of defending Jewish lives and Milkhemet Mitzvah because they would become too complacent while living in Chutz L’Aretz. Join The IDF would like the opportunity to present the same beautiful Torah concept which is still relevant today to all young Jews internationally.”

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

3. Karemy Chesed

UKT's site lists various activities for this charity¹⁴, but does not mention as the organisation's own site does that it provides aid for the IDF¹⁵. This includes the provision of care packages to combat soldiers. Its site describes at length the support it provided combat troops during Operation Protective Edge in 2014.¹⁶

The following video on Youtube shows IDF soldiers thanking the organization for their support during Operation Protective Edge:

<https://youtu.be/AxwLO8qX9AI>

The UK Jewish Charity Guide provides the ability to give gift aided donations via the UKT donation facility.¹⁷

4. Standing Together

UKT's site promotes Standing Together as providing food and care packages for soldiers in the IDF.¹⁸ It is listed as a charity under 'Welfare'.

Standing Together's Facebook page contains an entry on 16 June 2015 that states¹⁹:

"Today, we visited the Elite Egoz #IDF unit and with the help and a very generous donation from the Young Israel of Lawrence-Cedarhurst we delivered water packs, Leatherman knives, Gear bags and dry-fit clothing to IDF soldiers."

Its website calls for funds for military equipment such as thermal gloves and clothing that will enable soldiers to be 'trigger-ready'.²⁰ It provides: "the Standing Together tactical gloves [which] are made of fleece but have a retracting trigger-finger so that they may be worn even during operations."²¹

It further states that it gets its equipment through authorized military equipment suppliers. Types of equipment they cite as part of their purchase lists includes:

- Knee Pads
- Dri-fit T-Shirts
- Socks
- Multi-purpose tools
- LED headlamps
- Sunglasses

All are listed as being provided for soldiers in the course of their active duty in combat in Operation Protective Edge.²²

The site contains testimonies from serving soldiers in operations such as the Lebanon War of 2006²³ and Operation Protective Edge where war crimes were committed, thanking Standing Together for the 'gear' they received.

Elsewhere on their site they talk about Muslim and Islamic terrorists.²⁴ On its Facebook page on 10 October the organization calls for setting up support evenings for the IDF, and states:

"Over the past two weeks Muslim terrorists have been attacking both civilians as well as IDF soldiers throughout Israel."²⁵

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS
AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

On 12 October (See Appendix B4 and below) a comment is posted under a post by Standing Together. It states:

"Arm the tourists ! I'd love to take a shift and watch.
And snipe."²⁶

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Its winter campaign page to be found on its front page (www.247idf.org - 25 October 2015) emphasizes the trigger-ready glove in use²⁷:

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Both the front page and other pages (including this²⁸), state that the organization donates ‘operational equipment’ without further specifying what that could be (this is distinct from its listing of dry-fit apparel and operational water packs).

The site emphasizes that it gets all its supplies from military suppliers and that it works closely with the IDF and IDF commanders, and also that with regard to its winter campaign, the IDF ultimately decides what goes in and may change what is in the pack from what the donor originally envisaged²⁹.

5. Shavei Chevron

Shavei Chevron³⁰ is listed on the UK Toremnet page. It uses the description from the Shavei Hevron website to describe the organization³¹. Until October 2014 the leader of the Shavei-Hevron yeshiva at Kiryat Arba, was Rabbi Dov Lior³².

During operation Protective Edge in the summer of 2014, Lior “published a letter... saying that Jewish law permits destroying the entire Gaza Strip to bring peace to the south of the country.”³³ According to the Jerusalem Post this letter prompted Meretz chairwoman Zehava Gal-On to call on the Israeli attorney-general to open an investigation against Lior for incitement. She is reported to have said:

““Rabbi Dov Lior’s racist comments have for some time not been in the realm of freedom of speech. We’re talking about a man who praises mass murder, who stands behind those who murder innocents and who took part in the incitement that led to the murder of a prime minister,” Gal-On said in reference to prime minister Yitzhak Rabin, who was assassinated in 1995.”³⁴

In 2009 Lior wrote an ‘approbation for a book called The King’s Torah that was co-written in 2009 by radical settler figure Rabbi Yitzhak Shapira, which permitted killing civilian non- Jews in times of war’³⁵ Further information on Shapira’s views inciting violence against Palestinians and his various arrests regarding terrorist incidents can be found in Max Blumenthal’s article appended in B5³⁶. Blumenthal also recounts Lior’s various racist views that incite or condone violence:

“His most wellknown backer is Dov Lior the leader of the Shavei Hevron yeshiva at Kiryat Arba, a radical Jewish settlement near the occupied Palestinian city of Hebron and a hotbed of Jewish terrorism. Lior has vigorously endorsed Torat Ha’Melech, calling it “very relevant, especially in this time.”

Lior’s enthusiasm for Shapira’s tract stems from his own eliminationist attitude toward nonJews.

For example, while Lior served as the IDF’s top rabbi, he instructed soldiers: “There is no such thing as civilians in wartime... A thousand non-Jewish lives are not worth a Jew’s fingernail!” Indeed, there are only a few non-Jews whose lives Lior would demand to be spared. They are captured Palestinian militants who, as he once suggested, could be used as subjects for live human medical experiments.

Otherwise, Lior appears content to watch Palestinians perish as they did at the muzzle of Dr. Baruch Goldstein’s machine gun in 1994. Goldstein, who massacred 29 Palestinians and wounded 150 in a shooting spree while they prayed in Hebron’s Cave of the Patriarchs mosque, was a compatriot and neighbor of Lior in the settlement of Kiryat Arba. At Goldstein’s funeral, Lior celebrated the

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

massacre as an act carried out “to sanctify the holy name of God.” He then extolled Goldstein as “a righteous man.” Thanks to Lior’s efforts, a shrine to Goldstein was constructed in the center of Kiryat Arba so that locals could celebrate the killer’s deeds and pass his legacy down to future generations.

Though Lior’s inflammatory statements resulted in his being barred from running for election to the Supreme Rabbinical Council, according to journalist Daniel Estrin, the rabbi remains “a respected figure among many mainstream Zionists.” By extension, he maintains considerable influence among religious elements in the IDF. In 2008, when the IDF’s chief rabbi, Brigadier General Avichai Ronski, brought a group of military intelligence officers to Hebron for a special tour, he concluded the day with a private meeting with Lior, who was allowed to reveal the officers with his views on modern warfare “no such thing as civilians in wartime.”³⁷

Information on Sahvei Chevron on the UKT site dates from at least 2012 (see appendix)

6. Yashar Lachayal

Yashar Lachayal is listed on the UKT page under ‘Israel’ ‘Welfare’ and ‘Youth at Risk’. It deals solely with support for IDF soldiers, including care packages. It is the organization that runs the IDF Widows and Orphans Fund (see 1 above).

The UKT website states about Yaschar Lachayal, inter alia:

“From its inception in July, 2006, during the height of the Second Lebanon War, Yashar LaChayal has been providing for the basic needs of Israeli soldiers. Initially, a small group of volunteers worked to collect and package much-needed supplies and transport them directly to the soldiers on the front. When the war ended, the volunteers continued to receive requests for supplies from army commanders.”³⁷

The organisation itself describes its works its focus:

“Combat soldiers, the soldiers serving on the front lines to ensure Israel’s security, are the primary focus of Yashar LaChayal’s services. We reach out regularly to units in the north, on the borders of Lebanon and Syria, those serving in the south on the Egyptian border, to soldiers on our border with Gaza, and to the Special Forces – the elite units charged with tasks critical to our national security.”³⁸

It explains the organisation’s genesis was during the Lebanon War of 2006, and that the name of the organization means ‘straight to the soldier’.³⁹

The organization claims to have since that time:

“...continued to receive requests for supplies from army commanders. In response to this need, Yashar LaChayal was established as a recognized non-profit organization in Israel and the United States, dedicated to helping Israeli soldiers serving on the front lines and making them more comfortable while they are protecting the Jewish homeland.”⁴⁰

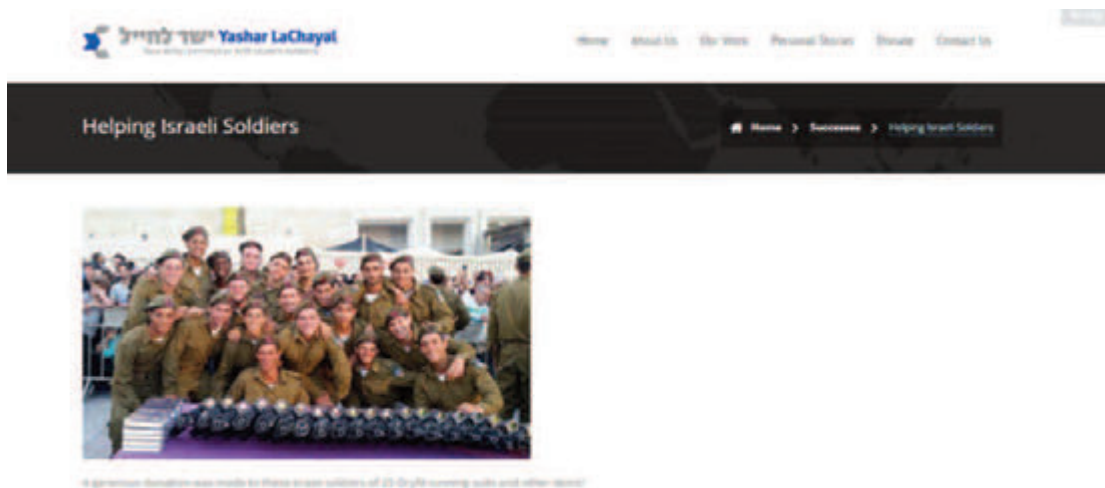

It also states that:

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

“Finally, Yashar LaChayal – Straight to the Soldier – means exactly that: we bring the goods to the army bases and speak directly with the soldiers, reminding them that we stand with them and that they have a huge wall of international Jewish support behind them.”

Whilst the organization lists some of the support they send in terms of care packages for soldiers, they are vague about other items, using phrases such as ‘basic needs’ ‘whatever is needed’ ‘equipment’ etc. It is unclear as to whether other types of support including combat / combat support items are being purchased by the organization.⁴¹ Items with direct combat function listed include backpacks and headlamps.

Pictures of soldiers with donated items are confusing and can arguably imply to a donor that military equipment has been donated as ‘other items!’ e.g⁴².

Screenshot of <https://www.yasharlachayal.org/success/helping-israeli-soldiers-7/> taken 21st October 2015

Amongst its projects Yashar Lachayal have an Adopt a Unit option.⁴³

During Operation Protective Edge in the summer of 2014 the organization stated⁴⁴:

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Since the beginning of Operation Protective Edge, we drove supplies down to our troops, visited hospitalized soldiers, and made sure our IDF troops know that there are Jews all over the world that are standing by their side. Because of the exclusive connections we have forged with company commanders over the past eight years, we have been able to accomplish amazing things. They know us, they trust us, and they call on us to fill specific needs – whether it's food, toiletries, water backpacks, kneepads, leatherman tools, head flashlights, clothing, recreation equipment, and religious items. We met soldiers as they came out of Gaza, and we "debriefed" them on the needs and what we can do to make them more comfortable. We were in the field every day of this terrible conflict to assess needs and bring exactly whatever supplies each unit so desperately needs – despite the constant Code Red alerts reminding us of the danger from overhead.

We gave out:

- Thousands of underwear, socks, undershirts, hats, and dryfit shirts
- Thousands of items including soaps, shampoos, towels, wipes, haircutting equipment, toothbrushes, toothpastes, powders and other hygienic necessities.
- 3000 water backpacks to over 15 different units
- 10,000 ices and 3000 cold drinks
- 200 coffee kits
- 3000 thermoses which were filled up with ice and over 1000 travel pillows for the tank units

And more...

Again some items listed have direct combat function. The organisation is clearly an active support body for troops involved in military operations, which in the case of Operation Protective Edge is almost universally held to have violated rules of war and caused mass civilian deaths.

A fundraising plea from an IDF soldier⁴⁵ states:

"We are trying to raise money to buy items that will A) supplement our military equipment, B) make our lives a bit easier and C) free up company money to buy more modern gear."

And asks donors to give money to Yashar LaChayal.

7. Gush Etzion Foundation

The UKT page⁴⁶ for this organization does not make clear that it the Gush Etzion Foundation⁴⁷:

“All contributions to the organization are immediately transferred to projects including:

- Providing financial aid and holiday food packages for needy families
- Funding and furnishing schools and other educational projects
- Creating and equipping playgrounds and parks
- Purchasing and maintaining rescue teams and security equipment
- Support of our IDF soldiers in the region
- Financing Gush Etzion heritage projects
- Youth projects” (our emphasis)

On the same page it lists the figure of \$50,000 (US) as earmarked for support of soldiers.⁴⁸

In its section on its security work, the Foundation states:

“Expensive security measures must be implemented all over Gush Etzion but are even more crucial in the Eastern bloc where the local Arabs have been particularly destructive and violent.”⁴⁹

This is clearly a racist generalization.

It further lists ‘Equipment for Emergency Defense Unit’ as part of the items it fundraises for. On another page on the site it lists some of that equipment to be rifles, for which they are fundraising for flashlights to add to them⁵⁰:

“4. Equipment for Emergency Defense Unit 100 Flashlights for rifles for night activity \$80 per unit: \$8000”

Listed directly under this is the statement:

“Individuals, schools or synagogues may be interested in purchasing specific security equipment for as low as a few hundred dollars. Donations may be earmarked in honor of, or in memory of a loved one, and proper acknowledgement will be sent.” (our emphasis)

The foundation’s donate page for offline UK donations lists clearly the UK Toremnet site⁵¹. The Jewish Charity Guide provides the option to claim Gift Aid on any donation to Gush Etzion Foundation via the UKT donation facility.⁵²

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

8. International Young Israel Movement – Israel

The UK Jewish Charity website gives donors the ability to claim Gift Aid on donations to this organization⁵³.

UKT's website describes the organization as, inter alia:

"TYIM – International Young Israel Movement is the Israel branch of the National Council of Young Israel – a 100 year old Orthodox Synagogue umbrella group that has always been proudly Zionist.

The Israel branch is involved in its 55 branches from Beersheva and Sderot in the South through to Karmiel in the North, in community building, social welfare activities, the IDF Rabbinate, and olim of various ages."⁵⁴

The organisation's own website, aside from carrying many photographs of soldiers across its projects has a specific section for IDF projects many of which involve care packages to serving soldiers.⁵⁵ On their site they describe the dedication ceremony for Torah sponsored by a donor as containing the following statement from the organisation's head thus:

"We are always glad to contribute another Sefer Torah to the IDF. As the army Rabbi stated: Next time this unit will enter Gaza not only with tractors and other equipment but with their own Torah as well." (Daniel Meyer, Executive Director, IYIM)⁵⁶

This ceremony took place on Sunday, November 16th, 2014, soon after Operation Protective Edge.⁵⁷

Views on refugees and migrants from Africa expressed on the site claim they are not refugees but infiltrators sent to change the Jewish demographic of Israel. One article claims that the migrants are all Muslims and goes on to make numerous racist generalisations about Eritreans, Sudanese, Muslims and Palestinians.⁵⁸

Another page gives the story of a cash donation of 25,000 Shekels made to an army unit, on active service waiting to invade Gaza.⁵⁹ The page continues:

If you would like to continue to support these efforts a contribution can be made at: <https://www.iyim.org.il/payments/secure.asp>⁶⁰

In another article, entitled Protective Edge Campaign, Day 16 – Gaza Border⁶¹ it is made clear that the organisation supported troops on active military engagement:

"During the entire day of travel, the car phone kept ringing constantly with requests from units, worried girlfriends wanting to send supplies, parents of lone soldiers in America wanting to inquire about the welfare of their boys and from thankful soldiers who had received supplies. There was a phone call from the Commander of a unit to whom head flashlights had been provided and commented that they had enabled his unit to finish their essential work."

Many other pages detailing care packages and various types of soldier support can be listed, often in anticipation of or during military campaigns.

9. Shurat Hadin – Israel Law Center

The Center states on its website that tax deductible donations can be made via UK Toremnet⁶².

The Center describes amongst its achievements⁶³:

“Strategic Offensive Planning: “Lawfare””

According to Ben White:

“Recipient agency Shurat HaDin, meanwhile, uses courts around the world “to go on the legal offensive” against those it perceives to be “Israel’s enemies.” Its director has “privately admitted to taking direction from the Israeli government over which cases to pursue.””⁶⁴

and

“Protecting IDF soldiers from war crime indictments by compelling a Spanish court to close a war crimes probe by preparing a similar indictment against a senior Spanish official.”

Its website lists ‘Defending Israeli Soldiers at the ICC as one of its programs. The relevant page states⁶⁵:

The Palestinians are planning a game changer. They are moving forward on their threat to join the International Criminal Court (ICC) and file war crimes allegations against Israeli leaders and IDF officers in the Hague.

They are convinced they have a better chance to pressure Israel and achieve their extremist demands in the ICC where the biased European judges can pass judgment on the Jewish State and impose criminal liability, than they can through direct negotiations.

The Palestinians allege that the IDF used a disproportionate use of force during the summer’s war against the Hamas terrorists and that building communities beyond the ‘67 borders constitute an illegal “population transfer” in violation of the Geneva Convention.

ICC membership for the Palestinians will be a **devastating game changer**. It will endanger thousands of IDF officers and troops and Israel cannot simply ignore it nor rely on the Obama Administration to assist in fending it off. But ICC membership and the Court’s jurisdiction are a two way street!

Shurat HaDin’s legal staff is organizing a **tsunami** of its own war crimes complaints against Palestinian leaders including the senior ranks of Hamas and the PLO, as well as against Mahmoud Abbas himself. (Bold emphasis from website, underlined emphasis ours)

10. Tzohar

Tzohar states on its website that all donations made to it from the UK are tax deductible and list UK Toremnet as the agency through which UK donors can send donations.⁶⁶

Part of its activities included providing mobile phone chargers to IDF troops during Operation Protective Edge⁶⁷.

11. Geshher

Donations to Geshher are offered via a British Registered Charity 'British Friends of Geshher'.⁶⁸

Geshher's website states one of its programs is IDF. It provides training to 6000 strong officer corps of the IDF every year, and a total of 60,000⁶⁹. The relevant page on their website states:

"Geshher's IDF Officer's Training Course is delivered to every officer today. The 6,000 young men and women who are carefully selected by the IDF each year for leadership positions undergo this intensive 5 day seminar. With Geshher delivering two days of the program and the rest coordinated in conjunction with our expert educators."⁷⁰

According to its Annual Report⁷¹ (available on the Geshher UK and Geshher US websites) US\$835,185 of its US\$2,858,707 Income came from "Gov. Funding (incl. IDF in-kind)". Additionally its states that US\$1,359,788 of its US\$2,772,936 Expenses was expended on "Programming (incl. IDF in-kind)".

A promotional video on its Youtube Channel speaks of it training every IDF soldier.⁷²

12. "Lapid – Afikei Da'at" Sderot Hesder Yeshiva

The organization is described on UKT's site as: "The Sderot Hesder Institutions' three branches comprise Israel's largest Hesder Yeshiva with 700 students⁷³ and of being "in the IDF". According to the American friends of Sderot 'Donors Book' (PDF attached)⁷⁴:

Again and again, war strikes our area: "Cast Lead", "Defensive Pillar", "Protective Edge" – the names change, but the challenges are the same. It is our armored campus which enables our boys to stay on and be of such invaluable service to the IDF and the community when other institutions close down. During the most recent conflict we were at the forefront of so many important wartime endeavors:

- We served as the home base of the Gefen Special Forces Battalion, hosting 600 soldiers who dormed with our students, ate and relaxed on our campus.
- During the war, almost 150 of our own boys were out on active IDF service - over 50 inside the Gaza Strip.
- We served as a central depot for receiving & distributing toiletries, snacks and supplies to soldiers throughout the area – delivered via our network of students in and around the Gaza Strip.⁷⁵

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

And...

During the most recent conflict, our protected dormitories hosted close to 1000 IDF soldiers on their way into or out of the Gaza strip. In addition, our armored campus allows all our students to remain on site during every round of terror, allowing them to take part in many emergency activities for the benefit of the community.

The Central Hesder Yeshiva: Afikei Daat⁷⁶

This, our main institution, prepares the next generation of religious Zionist leaders with a five-year program which combines Jewish study and regular army service. These close to 500 students serve in elite IDF units. Many become commanding officers, while others choose to engage in an advanced course of leadership and religious training.

The website sderot.org/English accessed 25 October 2015 shows one of the sports halls being used as a dorm for IDF soldiers⁷⁷:

This image is one of a number of a rotating gallery on the frontpage all under the heading 'Forging Ahead on the Frontline' many of which feature soldiers on campus, or visits by the Yeshiva's head Rabbi Dovid ('Duv') Fendel on the 'frontline'.

During Operation Protective Edge in 2014: "The yeshiva [was] also hosting an IDF battalion and Rabbi Fendel, whose yeshiva combines Torah study and army service, sees soldiers and yeshiva students as a natural combination."⁷⁸

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS
AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

Additionally the article states:

“During the last weeks, the Afikei Da’at Hesder Yeshiva has been turned into a center that has been serving as a gathering place – both military and spiritual – for the IDF forces who are lodged there along with the dozens of yeshiva students who have come there to provide physical, moral and spiritual support.”⁷⁹

Rabbi Dovid Fendel is described as heading the Yeshiva by UKT⁸⁰. The UKT page is posted by user JonnyC in 2012. In November 2014, Fendel won a prize, where he was described as the founder of the Yeshiva in 1995 and its head ever since.⁸¹

According to the Australian Jewish Democratic Society’s newsletter of February 2009⁸², Fendel is an ‘extremist rabbi’. Referring to visits by Fendel and another rabbi to troops during Operation Cast Lead the newsletter states:

“Earlier the paper reported in Hebrew only: “Fighters in the para-trooper brigade operating in the northern Gaza Strip received “encouragement visits from two extremist rabbis during a break in the fighting this week. The chief rabbi of Safed, Rabbi Shmuel Eliyahu, who has been investigated in the past for incitement, and the head of the Hesder Yeshiva in Sderot, Rabbi David Fendel, who told the soldiers that in this war “nobody is innocent” and there- fore it is permissible to hit civilians.... Fendel quoted the verse from Psalms that relates to God’s revenge in Babylon: “Happy shall he be, that taketh and dasheth thy little ones against the rock”. [Israeli soldiers would have heard it in Biblical Hebrew, which they would have understood to mean something like “crush the infants against the rock”].”⁸³

QUESTIONS TO THE CHARITY COMMISSION REGARDING CHARITIES GRANTING AID TO ORGANISATIONS
AND CHARITIES IN ISRAEL INCLUDING BUT NOT EXCLUSIVELY THE ISRAELI DEFENSE FORCES

CONCLUDING QUESTIONS and REMARKS

Q9: Does the Charity Commission agree that a thorough investigation and response by the Charity Commission is in order? What timeline for the investigation and for its response does the Charity Commission propose?

Q10: It is clear that any wrongly donated Gift Aided donations must be returned. Will the Charity Commission confirm that this will be demanded of UK Toremets?

The foregoing highlights the need for the Charity Commission to issue clear guideline that any support of military personnel or any type of support that may directly or indirectly support military actions, cannot be charitable.

Finally, the foregoing relates to links and direct or indirect support of the Israeli military forces in general and during specific military campaigns where those personnel have been accused of committing war crimes. Additionally senior personnel in some of the organisations listed above have expressed deeply racist, violent views and on some occasions been reported to have incited violence and war crimes.

The Charity Commission must make its view on the above support clear. If the commission has been aware of any of the foregoing and has not taken action it must provide clear reasons as to why it has not and why it seems to consider support for racism, violence and war crimes as charitable.

It is clear that there are serious questions of its own credibility that the Charity Commission must address

We await an immediate response, and confirmation that a thorough investigation will be immediately undertaken.

THE DYNA AND FALA WEINSTOCK CHARITABLE TRUST**TRUSTEES' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2020****Objectives and activities (continued)**

The trustees meet regularly to review all applications which fall within the current priorities for funding and review each application within three months of receipt. Most of the grants awarded are one-off payments but recurring grants for up to a year may be made subject to specific conditions. These conditions include an annual progress review where payment of subsequent years' grants is dependent on the satisfactory outcome of the progress review or recipients being able to prove they have obtained full funding for the specific project. Further appeals from organisations will not normally be considered for three years from the date of the final award.

Contact is maintained with recipients of grants formally through receipt of reports from charities or informally via the trustees visiting the donee.

Achievements and performance**a. Main achievements of the charity**

Donations by the Trust have helped alleviate the effects of poverty, ill health and abuse in the UK, Eastern Europe and Israel as well as advancing education in many fields.

Highlights:

The Trust granted \$250,000 to the UK Toremec Limited, to support the work of the Friends of Meir Medical Centre and the naming of their new Peritoneal Dialysis Unit.

The Trust granted £27,000 to the British Friends of United Hatzalah of Israel, to help fund a new ambulance for their emergency rescue service in Israel.

The Trust granted \$250,000 to Laniado Hospital UK for a new radiology department for its hospital in Netanya, Israel.

The Trust granted £40,000 to Friends of Yad Sarah to help the sickest and most vulnerable people across Israel.

The Trust granted £20,000 to the Jewish Womens Aid Limited, an organisation dedicated to raising awareness as well as providing support for women and their children affected by domestic abuse.

The Trust granted \$112,500 for the British Friends of Aleh, to help establish a medical clinic at Aleh's new educational complex, offering children with varying levels of disabilities a quality educational and rehabilitative programme within a safe medical environment.

b. Investment policy and returns

Under the Deed of Variation, the trustees may invest or appropriate the Trust Fund as they think fit. Decisions of most of the Trustees present at any duly constituted meeting are valid and binding on all the Trustees.

The trustees have engaged Julius Baer Group and Canaccord Genuity Wealth Management to provide them with professional investment management advice. The investments this year generated an unrealised loss of £1,980,279 (2019 a gain of: £91,180). The Julius Baer portfolio is a few number of large investments, whereas the Canaccord Genuity Wealth Management investment portfolio holding is a larger number of investments at smaller values with the aim to diversify. The majority of this unrealised gain was due to the Julius Baer investments, where the few, large investments held have increased in value over the year. There was a smaller gain in the Canaccord Genuity Wealth Management investments.

THE G.R.P. CHARITABLE TRUST**TRUSTEE'S REPORT****FOR THE PERIOD 6 OCTOBER 2019 TO 5 OCTOBER 2020**

Financial review and investment policy

The accounts cover all the activities of the charity during the period. Total incoming resources totalled £60,996.04 (£287,476.77 in 2019) none of which were donations received in the form of cash. Under the governing document, there are no restrictions on the charity's power to invest. The overall investment policy is to achieve long term capital growth in real terms, whilst providing a yield at least in line with the UK equity market. No fund raising is undertaken to support the work of the charity, but it has the right to accept donations.

Related parties

The charity does not have a relationship with any other charity or organisation.

Review of the activities and future developments

During the period, the trustee made donations totalling £3,726,000.00 (2019: £92,008.00). The largest donations were £3,000,000 to the A M Charitable Trust, £500,000 to UK Toremet Limited and £200,000 to the West London Synagogue.

The trustee is satisfied with the financial position of the charity and confirms that it has adequate assets available to fulfil its obligations. There are no plans to alter the charity's activities next year.

Charity's public benefit

The trustee has ensured that all activities throughout the period have been in the interest of public benefit. This is evidenced by the contributions made to charities totalling £3,726,000.00 (£92,008.00 in 2019).

The trustee confirms that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning future activities.

Reserves policy and risk management

It is the trustee's intention to maintain reserves to enable it to respond, where considered appropriate, to appeals for significant support, the timing of which is unpredictable, and to reduce the charity's reliance on stock market results.

The trustee considers that the main risks the charity faces are fraud or poor investment performance and that these are monitored appropriately and that adequate systems are in place to mitigate them.

THE KASNER CHARITABLE TRUST

REPORT OF THE TRUSTEES
for the year ended 31 March 2022

The trustees present their report with the financial statements of the charity for the year ended 31 March 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objectives of The Kasner Charitable Trust is to apply the whole of the trust fund to those purposes, both in United Kingdom and abroad, recognised as charitable under English Law. The institutions the charity supports are chosen at the discretion of the trustees according to the principles set out by Mr Josef Kasner, the founder of the charitable trust.

In furtherance of the said objectives, the charity provides grants to qualifying institutions who are involved in the relief of poverty, the furtherance of the Jewish faith and the advancement of education.

Public benefit

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit, and 'The Advancement of Religion for the Public Benefit' in particular, when reviewing the aims and objectives of the charity and in planning the charity's future activities. The aims of the charity for the public benefit are detailed in the 'Objectives and Activities' section of this report and the main activities undertaken in order to carry out the charity's aims for the public benefit are outlined under 'Achievements and Performance' below.

Grantmaking

In general the trustees support charities which are involved in the relief of poverty, the furtherance of the Jewish faith and advancement of education. In making grants and donations, the trustees consider the requests made and the funds then available and the impact their grants will make in achieving the charity's goals. Consideration is given to the operational efficiency and reputation of the recipient charity and the ability to 'make a difference'. The trustees monitor the application of the grants and donations, meeting with representatives of the institutions and obtaining information as to the utilisation of funds.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

The charity provides grants to qualifying institutions. During the year, the charity made grants totalling £1,902,836 (2021 - £5,375,301) to institutions in the UK and in Israel. The benefits that these charities provide include -

- providing food and financial support to poor families
- maintaining synagogues and places of communal religious services
- Jewish education at primary school and secondary school level
- centres of advanced study and higher education
- centres for children with special educational needs
- medical advocacy
- assisting couples experiencing infertility with treatment and support
- development of 'immigrant' towns in Israel to benefit the welfare of their communities.

The trustees have strong ties to Israel and are keenly aware of the poverty which effects certain sectors of its population. Together with the advisory team at UK Torem, they critically review the many applications they receive to identify opportunities for the charity to make donations which can create significant change and where they can monitor the impact their grants make. The trustees also receive many requests for support from institutions in the UK and they seek to make grants to causes which they feel are not funded by larger foundations.

Israel is facing the greatest threat in its history.

Our brave sons and daughters are risking their lives on the frontlines for us. But they can't do it alone. They need your help.

In the days since the atrocities in southern Israel, that claimed over 1,400 Israeli lives, One People has already bought and delivered 3,800 protective vests with ceramic inserts, and over 1,000 helmets, thanks to generous donors like you.

But we need to do much, much more. This can only happen with your support.

If you're able to donate \$10,000 or more, then please donate now, or read on for more information [about One People](#) and [where your money will go to](#).

[DONATE NOW](#)

Who We Are

One People was created in the fallout of the horrific events that occurred in southern Israel on October 7th, 2023. We are a group of fathers and mothers whose sons, daughters, nieces, and nephews are serving in the IDF.

As the war against our enemies develops, our brave soldiers need, and will continue to need, many things to achieve success.

To this end, we are working 24/7 and cutting through the red tap to ensure essential supplies reach them as fast as possible. We are doing this by working in direct partnership with the highest levels of the IDF, including the IDF Army Logistics Corp, as an approved partner. Everything we supply meets their strict standards and specifications.

Date: 01/06/2016

Dear Mr Shadjareh

UK Torem Ltd

I refer to your e-mail received today.

According to our records, the e-mail and report was acknowledged by Tim Hopkins on 7 December at 07.42 and I am sorry if you did not receive this.

Whilst we told UK Torem Ltd that we received a complaint, we have not said who made it. However this information is in the public domain.

Gift Aid

HMRC (who we are in contact with) is responsible for tax issues, including Gift Aid. However, as we understand it, any charity in the UK can claim Gift Aid on donations from individuals; it does not matter where in the World the donation will be spent (so long as this will be for charitable purposes within the objects of the charity claiming Gift Aid). Charities based outside of the UK and the EU cannot claim Gift Aid on donations from UK taxpayers.

Therefore:

- a UK charity can claim Gift Aid and send the funds to a charity in Israel; but
- if the donor sends the funds direct to Israel, the Israeli charity cannot claim Gift Aid from the UK Government.

I hope this clarifies the Gift Aid situation.

Remitting funds overseas

UK Toremnet Ltd does not send its own funds overseas; it provides a service to donors who want to donate funds for a charitable purpose, whether in this country or overseas. It is the donor who decides which organisation to benefit, not UK Toremnet Ltd. UK Toremnet Ltd facilitates the transfer, claiming Gift Aid as appropriate. In doing this, UK Toremnet must ensure through adequate due diligence etc (as your report makes clear) that it only remits funds to:

- an organisation that would be a charity under the law of England and Wales; or
- a non-charitable organisation for a restricted purpose that would be charitable under the law of England and Wales.

For the avoidance of doubt, charities cannot remit funds to organisations for purposes that would not be charitable under the law of England and Wales.

UK Toremnet does not send equipment or goods to charities, only funds.

Standing Together

The organisation that you particularly highlight both in the report and your e-mail (amongst others) is Standing Together, which appears to exist to support the personnel of the Israel Defense Forces. Whilst support for the United Kingdom's armed forces is a charitable purpose, support of foreign armed forces is not a charitable purpose for a charity based in England or Wales to further.

UK Toremnet Ltd transferred funds to Standing Together at the request of donors. However, as I have highlighted, UK Toremnet could only transfer money to this organisation for a restricted purpose that would be charitable under the law of England and Wales (such as relieving sickness). This would certainly not include purchasing military equipment for members of the Israeli Armed Forces. However, we have not seen any evidence to suggest that the funds sent to Standing Together by UK Toremnet Ltd were directly used for the purchase of such equipment as seen in the video.

As a result of our correspondence, UK Toremnet Ltd has now removed Standing Together from its list of approved organisations. Support for other organisations that operate in the occupied territories is one of the issues we are looking at.

Reputation

A charity's reputation is an asset that needs to be protected. This does not necessarily mean that it has to avoid any action that might affect its reputation, but the trustees should consider the risks and seek to mitigate them. One of the ways that a charity like UK Toremnet Ltd can do this is by having adequate due diligence procedures in place and by carrying out adequate checks (as particularly detailed in our guidance to charities on due diligence checks and monitoring end use of

funds). Indeed, the trustees have legal duties and responsibilities to carry out due diligence checks and monitor the use of funds.

Case Report

When our case is complete we will publish a report that should answer your other questions.

I hope this is an adequate interim response.

Yours sincerely

Neil Robertson
